

Air Cargo Basics e-Learning

A photograph of an airport tarmac during sunset or sunrise. In the foreground, a large pallet of cargo wrapped in clear plastic and secured with black strapping is being loaded onto a white cargo aircraft. The aircraft's cargo door is open, and its wing and tail are visible. In the background, other airport vehicles and structures are visible under the warm glow of the low sun.

We offer a full range of web-based training courses in safety, security and service topics. Our self-study modules comply with the regulations of international and national legislations and those established by governing bodies, such as the ICAO and IATA.
