Accessing real aviation equipment, such as Aircraft, ULDs and GSE, in hands-on training is often costly and difficult. In Virtual Reality (VR) trainees can practice skills in a safe and realistic environment.

Some of the drills may consist of situations or incidents which are not possible to practice in real life. Course participant can apply skills practiced in aircraft inspection using a realistic 3D Virtual Reality simulation.

ULD Inspection VR Training Covers

- Introduction
- Why ULDs must be in good condition?
- What ULD Inspection Means?
- Who Inspects ULDs?
- When ULDs Must Be Inspected?
- How Do I Inspect an ULD?
- What To Do When ULD Is Not OK?
- VR Training Simulation
- Training Summary

We have 2 ULD VR Training courses available:
- **Container Inspection VR Training**
