# MUSIC INTERVIEWS

ELLE ELLIS

Welcome to our latest round of talented artist from around the globe During the month of November I had the pleasure of chatting with an award winning 2021 East Coast Music award Nominee ,20220 Canadian Folk Music Award nominee and

Shelley Hamilton  
Entertainment

from Portia White who was so talented but never received the recognition she deserve, being a classically trained singer. Shelly Hamilton wanted to

proress into folk and country realm, our discussion spans from her feelings of moving into new categories and growing up in Canada. I felt as though she was giving me a history lesson and I loved it!

the surprise of her hand written letters she wrote during the beginning of the pandemic and mailed them to family, friends and strangers she stated the response she received from the little personal not keeps her inspired what can you say ,when I heard this it left me speechless and all I could think was this is a special person with a caring heart.

j Our first hello was met with such laughter and sunlight that spark was there throughout the conversation Shelley is definitely one to get to know!

2019 ANSMA Artist of the year!  
Shelley Hamilton is all things artistic singer, Actor, Host, Writer .Her latest single " Think on ME is quickly moving up the charts this song its an updated rendition

celebrate this unsung hero until Shelley decided to create a museum. in her honor. . Shelley made the decision not to limit herself by staying in the R&B category but to expand her music

# Blues Artist CROS

ELLE ELLIS

The artist CROS was another special guest in November this hugely talented musician who sat with me to discuss his unique fusion of blues is, what peaked my curiosity and the many genres of musicians he's shared the stage with from alternative rock musicians, inflatable Soule, rap group Cypress Hill, KOKO Taylor, Mavis Staples, B. B. King and so many others including the Navy Band. Since our conversation Cros has released his latest single "Say My Name" featuring

rapper Lon Don has achieved his own recognition for his work with rapper Jay-Z. Cros I tour of his latest single is booking out as this article post.

There are times when an artist may feel a bit uneasy to discuss their lives to a stranger but Cros was so open and relaxed it was like chatting with my cousin in my living room. I am looking forward to seeing him during his tour in Chicago. Good Luck CROSS on your tour keep selling OUT!!!
