

# You're invited

## Calala BESS Community Information Session

We are Equis, building a renewable energy and carbon-free future for all Australians. We propose to develop a Battery Energy Storage System (BESS) with a storage capacity of up to 300 MW in Calala providing New South Wales with clean, affordable, and reliable energy.

You're invited to our drop-in session to learn more about our project, ask questions, and provide feedback. You don't need to register to attend, drop in anytime to have a chat and enjoy a cuppa with some light refreshments.

**When:** 3:00pm to 7:00pm, Wednesday 14 December 2022

**Where:** Best Western Plus All Settlers Motor Inn  
191 Goonoo Goonoo Rd, South Tamworth, NSW 2340

If you can't attend our session and want more information you can:

**Visit** [www.equis.com.au/calala](http://www.equis.com.au/calala)

**Email** [AUProjects@equis.com](mailto:AUProjects@equis.com)

**Register** [equis.engagementhub.com.au/calala-bess](http://equis.engagementhub.com.au/calala-bess)

We look forward to seeing you!
