

Maaïke De Wit

Maaïke studied Dutch law at Maastricht University, combining her degree programme with courses in Tropical Land Use at Wageningen University & Research. After graduating, she worked among other things as a senior lawyer in the real estate practice group at Houthoff Buruma until 2008 and was a Partner at Straatman Koster advocaten until 2013.

Following a period working at other law firms, she re-joined Straatman Koster advocaten, becoming a Partner on 1 March 2017.

Praktijkgebieden

Land policy

Environmental

Area development

Government liability

Construction and real estate

Expertises:

Maaïke specialises in area and project development (inner city, extensions, transformation) and has a keen interest in spatial planning issues (urban and regional planning, permits, parking) as well as energy transition/sustainability (Label C offices, nZEB performance standard, energy saving, circularity, natural gas-free). Her clients include developers, investors, municipalities and housing associations.

Maaïke is a member of the board of the VVJ Property Lawyers Association (www.vvj.nl) and a regular annotator for the journal 'Bouwrecht'. She is also a member of the committee deciding on notices of objection of the Municipality of Maassluis, the Dutch Construction Law Association (VBR), the Dutch Construction Lawyers Association (VBR-A), the Administrative Law Association (VAR) and the Environmental Law Association (VMR).

Maike has listed the following main and secondary legal practice areas in the register of legal practice areas of the Netherlands Bar (Nederlandse orde van advocaten, NovA):

- Real estate law
- Environmental and Planning Law (Planning and zoning law, nature conservation law, environmental law)

This listing requires her to obtain ten training credits in each registered main legal practice area in accordance with the standards of the Netherlands Bar each calendar year.
