

PVC Standard Range Data Sheet

x-Glo-14-24vDC-GC

DESCRIPTION	
Part Number	x-Glo-14-24vDC-GC
LED Chip	Epistar
LED configuration	14 LED's spaced evenly over a metre length
Range fed from both sides 24V	200 metres
Recommended fixing height	2 - 3 Metres
IP Rating	67
Power Consumption per LED	0.07 Watts
Power Consumption per Metre	1 Watts
Colour Rendering Index CRI	n/a
Colour	Green
Luminous Efficacy	>50 Lumens / Watt
Lumens P/M	>50Lumens
Power factor	0.99
Voltage on lighting VDC	24vDC
Supply voltage for power controllers VAC	85 - 265 VAC
Light maintenance	20% Drop over 4 years
Lifespan	5 Years
Warranty Lighting	3 Years
Protection	Short Circuit Over Voltage Over Temperature Over Current
Lux - Based on a Tunnel 3m x 3m	33 @ 2m average
