

OVERVIEW OF GLOBAL PRIVACY LAWS

Privacy law is complex - but it's good to know what the major laws are, and where and when they apply.

GDPR

General Data Protection Regulation, applies in Europe - including The European Union, the UK (under the UK GDPR), and most non EU countries in Europe

CCPA & CPRA

California Consumer Privacy Act (and its updated version, the CPRA, the California Privacy Rights Act) are California laws

PGPD Lei Geral de Proteção de Dados

The General Data Protection Law in Brazil (Portuguese)

PIPL

Personal Information Protection Law of the People's Republic of China

FEDERAL PRIVACY ACT

Australia and the Australian Privacy Principles ("APPs")

PIPEDA

The Personal Information Protection and Electronic Documents Act in Canada
