The board of directors (the "**Board**") of the Company wishes to inform the shareholders of the Company and potential investors that, based on the preliminary review of the Group's unaudited management accounts for the year ended 31 December 2020 and information currently available to the Board, the Group expects to achieve approximately HK\$106 million in profit attributable to equity shareholders of the

Company, which represents an increase of 40% as compared to HK\$75.8 million recorded by the Group last year. The expected increase is mainly attributed to: (a) vigorous governance and effective measures to counteract business encumbrances due to US-China trade disputes and the Covid-19 pandemic (including the impairment of receivables already reported in the 1<sup>st</sup> half of 2020); (b) partial recognition of one-off gains generated from the Wuxi land resumption; (c) favourable returns of cash management and effective currency hedging; and (d) financial assistance and subsidies from the HK and PRC governments in relation to the Covid-19. These factors, combined with diversification of product and order portfolios for value enhancement, prudent inventory strategies, and increased efficiencies due to automation and enhanced workflow design, contributed to positive outcomes for our bottom-line results.

The Company is in the process of finalizing the Group's annual results for the year ended 31 December 2020 (the “**Annual Results**”). The information contained in this announcement is only a preliminary assessment by the management of the Company based on the latest management accounts of the Group currently available and is not based on any figures or information which has been audited or reviewed by the Company's auditors. Finalized Annual Results and other details of the Group are expected to be announced before end of March 2021.
