

Press Release

ATLANTIC FINANCIAL GROUP OPENS SUBSIDIARY IN ABU DHABI

Geneva, May 2nd, 2023 - Atlantic Financial Group announces the opening of its subsidiary in Abu Dhabi and continues its strategic expansion plan for 2023.

With the support of His Highness Sheikh Khalifa al Hamed, Atlantic Financial Group expands its activities in the Middle East. In collaboration with the Swiss office, the local team will support this new client base on issues related to sustainable investment in the EMEA region, including private equity, structured products, real estate, and M&A.

Middle Eastern investors will be able to draw on the expertise of a dedicated local team as well as a network of independently selected international and local partners to address the region's specific needs and take advantage of unique opportunities.

Sustainable investment: a matter of conviction

Atlantic Financial Group favors an open and agnostic architecture to offer its clients direct access to first-class financial products. With a sustainable approach to investing, the Group carries its convictions loud and clear with impact requirements to support the sustainable transformation of economic pillars such as education, agriculture and smart building technologies in real estate.

"The Emirates, and in particular Abu Dhabi and Dubai, are centers of endless possibilities: a leading global financial hub that attracts and seduces talent from all over the world, where investors are ready to commit long term on all asset classes and where all the stakeholders have learned to work together effectively." Explains **Nicolas Mousset**, President and co-founder of Atlantic Financial Group.

About Atlantic Financial Group

Atlantic Financial Group is an investment firm that uses advanced technology and an entrepreneurial approach to help institutions, financial professionals and private clients manage and grow their capital in a sustainable manner. Founded in 2014, it has offices in Geneva, Zurich, Paris, Monaco and Luxembourg. The Group is composed of specialized entities offering financial research, advisory and investment in traditional portfolio management, structured products, real estate and private equity.

With a philosophy of listening, understanding and collaboration, the Group creates an unlimited environment of investment opportunities. Atlantic's in-depth knowledge of the economy, regulation and law allows clients to invest without limits.
