

Sports
To B.

If we can be sure about something after the past 2 years, it is that human relations in business are more important than ever..

Make your team stronger. Make your business healthier.

At Sports To B. our main objective is to **create strong links with your employees and clients**, to create a fluid, positive and productive relationship.

What we do:

**TEAM BUILDING, INCENTIVE TRIP, SEMINARY, PR
WITH YOUR CLIENTS...**

We put **SPORT** and more specifically **PADEL** at the centre of our activities, but we use it with a **different approach depending on the objectives defined** by the nature of the event.

Methodology:

Each event has different objectives and priorities. It is very important for us that the experience does not stop at Padel, but that we are also able to draw conclusions and learnings from these interactions, to apply them concretely on a day to day situation. We divide the events into 2 families:

1

TEAM BUILDING, INCENTIVE TRIP, SEMINARY, MANAGEMENT COMMITTEE

Here the objectives are clear:

- unite the team
- find the "pain points" that hinder efficiency
- improve communication to create complicity
- etc

With the help of a coach/mentor who will observe the progress of the Padel clinic, we will organize a **debrief at the end** with different workshops, to update all the aspects to improve, all the knots to undo, etc.

2

PR WITH CLIENTS OR PARTNERS, KICK OFF

A completely different approach where the priority will be to have a good time, to find the time to talk, to exchange, to confide...

Here our motto is:

"Happy relationships, happy business!" »

We will therefore make every effort to ensure that your customers, partners or employees never forget this experience.

**Social, accessible,
fun, team sport,
safe...**

Cousin of tennis, Padel is the perfect sport to create the synergies you are looking for because it responds to the 5 virtues of teamwork:

COMMUNICATION
COMPLEMENTARITY
TRUST
COMMITMENT
COORDINATION
