FOUNDERS STOCK PURCHASE AGREEMENTS

L&M worked with Mosqitter to draft Founders Stock Purchase Agreements that reflected the leadership and vision of the company. The firm ensured that these agreements were concise and paralleled the goals of the founders and the intended growth of the business.

FOREIGN EIN

An Employer Identification Number (EIN), issued by the IRS, is required for startups to open a business bank account, hire employees, and accept funding. The application process for obtaining a foreign EIN can be more complex, but L&M's expertise in applying for foreign EINs made this important step especially simple for the founders.
