TRAVEL. Nestled in the heart of the 3 Valleys, in the famous ski resort of Courchevel, the Écrin Blanc offers unique services in a natural setting. It is a place where the notions of leisure and serenity take on their full meaning.

Built using wood and stone, like traditional Savoyard chalets, the hotel is in perfect harmony with its surrounding environment.

The interiors are conceived by Chantal Peyrat, an interior designer who arranged the entire resort in a friendly and traditional spirit. The feeling of being in the mountains is infused through small touches around the resort, offering comfort and relaxation.

The resort is located in Courchevel 1650, at the foot of a lift allowing access to Courchevel 1850. An ideal destination for families, friends, and companies, Écrin Blanc offers the best skiing and après-ski experience in addition to all the services of a four-star establishment.

In addition to this, the hotel is directly connected to the Aquamotion, the largest leisure and aquatic center in the French Alps, accessed through a private underground tunnel. The Aquamotion features family-friendly swimming areas and aqua wellness facilities. The center is also equipped with spa care and massage room, which offer cryotherapy and other body treatments. A wide range of activities is also available on-site which include: fitness coaching, indoor surfing, rock-climbing, and outdoor beach-volleyball courts amongst others.

A COMFORTING COCOON, WITH VIEWS OF THE SNOWY PEAKS

The Écrin Blanc hotel consists of 127 rooms and suites, ranging from 30 to 120 m² that can accommodate between 2 to 8 people. They also offer different styles of rooms, which are arranged into various living spaces, making it possible to adapt to all types of clientele including families, groups, and companies.

The Cocoon rooms are ideal for couples, the Comfort and Superior suites easily accommodate families and small groups, the Love at First Sight suites are distinguished by their singular style, the Large and Superior Large suites guarantee the same comfort as a luxury apartment, the Very Large Suites are true mountain refuges, while offering the luxury of a four-star establishment.

All the rooms, which are bright and spacious, offer an unobstructed view of the slopes, the mountains, or the surrounding nature. Some have balconies and terraces to enjoy the sunny moments.

Subtly mixing old charm with elegance, the decorator Chantal Peyrat favored soft tones and natural materials that reinforce the soothing and comforting atmosphere of each space.

A PLACE TO SHARE IN AN RELAXED ENVIRONMENT

Imagined as a local produce store, the Cellier, is both a place of consumption and sales. At any time of the day, it offers a selection of products from local producers.

Ideally located in the heart of the hotel, it is a friendly space, where guests are free to meet to enjoy a moment of indulgence over a glass of wine, a platter of cold meats, or lounging with a book and a hot chocolate.

In the evenings, the place converts into a soft and subdued setting, where the bartender offers made to measure, signature cocktails that guests can sip quietly at the bar or in one of the small lounges for more privacy. The bar offers a more festive atmosphere with DJs on the weekend.

A GOURMET EXPERIENCE AT ANYTIME OF THE DAY

The restaurant serving authentic French grill is surrounded by large windows which creates a luminous space and a warm atmosphere.

From farm to table, the Chef and his team offer simple cuisine, served generously, and are cooked seasonally made using organic local ingredients.

The breakfasts - included - are generous and full of delicacies: hot or cold buffets, sweet, salty, gluten-free products, and detox juices. Homemade pastries at the hotel are a must for dessert or afternoon tea.

The hotel offers in the Jardin des Neiges, - facing the large terrace of the restaurant - a seafood bar and a food truck, also accessible from the ski slope.

Seafood or pizzas on a wood fire, in the purest respect to tradition, are also offered continuously to vary the pleasures and satisfy all desires of our clientele.

A PLACE OF DREAMS AND DISCOVERY SURROUNDED BY NATURE

At the Écrin Blanc hotel, children from 4 to 17 years old can be taken care of during their whole stay. A dedicated team creates daily programs charged with playful, sportive, and creative framed activities.

So that the stay is as pleasant for them as that of their parents, the Chef of the restaurant and his team propose a kitchen adapted to satisfy the gourmet palates of children with homemade and seasonal menus.

SENSATION AND RELAXATION WITH PANORAMIC MOUNTAIN VIEWS

Aquamotion has 15,000 m2 of fun and well-being spaces including Aqualudique, Aquawellness, and Sport & Fitness area. Completely immersed into its environment and bathed in the outside light thanks to large windows, the center offers an exceptional setting and latest generation equipment for a unique experience throughout the year.

Included in the reservation, the private access from the hotel to Aquamotion allows each guest to enjoy the most complete offer in Courchevel in terms of sports, games, and well-being.

Aquamotion also offers a dining area accessible directly from Aqualudique and Aquawellness without having to put on shoes.
