INTRODUCTION

Hi Jonathan,

Thank you for the opportunity to quote on the repairs to your home. Please find your estimate below along with upgrade options for potential improvements to your project, if applicable.

The following estimate is for:

1. Remove and disposal of old materials
2. Supply and install new materials
3. Clean up of entire work area (all nails and other materials)
4. Clean all gutters (if roof is done)
5. Your own dedicated Production Scheduling team
6. All employees are WCB and COR certified
7. We are Licensed to work in your geographical region
8. Audit of all work completed by Quality Control Officer
9. 5-year Workmanship Warranty on complete projects - (Full Roof / Full Metals or Full Siding)

We don't want you to be personally liable should a worker happen to get injured therefore we maintain current WCB for all employees and crews. We carry two million liability insurance.

As well, we have mandatory safety training for our staff to ensure safe practices always. Once the job is complete, complete an additional full inspection on your home to ensure we did everything correct and up to our strict standards and site is spotless.

If you have any questions, please give me a call. We always want to provide the best value to our clients. If we are outside your budget, please let me know and we will do our best to work within that.

Kind regards,

Benjamin Munroe | Owner

THE PROOF IS IN THE PERFORMANCE

ULTIMATE PROTECTION

DURATION® SERIES SHINGLES

with SureNail™ Technology
with Triple Layer Protection™

LAYER 1
LAYER 2
LAYER 3

Duration® Series Shingles vs. top two competitors*

NAIL PULL-THROUGH RESISTANCE

Up to

2.5X
BETTER

NAIL BLOW-THROUGH RESISTANCE

Up to

9X
BETTER

DELAMINATION RESISTANCE

Up to

2X
BETTER

DURATION® SERIES SHINGLES OUTPERFORM THE INDUSTRY — PERIOD.

Testing proves it. Plus, nine out of ten contractors agree: Duration® Series Shingles with patented SureNail® Technology provide greater fastening power, and greater protection from nail pull-through and blow-through when compared to all other shingles - for industry-leading performance you can trust.

* Owens Corning testing against competitors with wide, single-layer nailing zones when following the manufacturer's installation instructions and nailed through the middle of the allowable nail zone.

HELP PROTECT WITH THE POWER OF FLEX

MADE WITH A PROPRIETARY BLEND OF SBS POLYMER MODIFIED ASPHALT

The rubberizing effect of our uniquely blended SBS modified asphalt makes the shingles pliable and gives them greater flexibility than standard shingles. The result is a premium architectural asphalt shingle with enhanced durability and toughness, especially under intense storm conditions, to help deliver lasting protection for your home.

Duration FLEX® Shingles

- Feature SureNail® Technology which gives a **42% better nail-pull resistance** against the wind versus standard shingles.
- Have built-in flexibility to help resist cracking and tearing, in all-weather installation conditions — **over 10% stronger tear strength than traditional shingles.**
- **Lays flat faster** than standard shingles.
- Offer rubber-like flexibility to withstand expansion and contraction stresses and helps **minimize loss of granules** which help to protect the shingle against UV.
- Help absorb the energy of the impact of hail or storm debris; have the **highest impact rating possible**; UL 2218 Class 4 and may qualify for a homeowner insurance discount*.

LAYS FLAT FASTER

Duration FLEX® shingles are specifically formulated to lay flat more quickly than standard shingles in all weather conditions for a clean, finished look.

10% **MORE TEAR STRENGTH**
VS. STANDARD OXIDIZED ASPHALT SHINGLES

Resist cracking and tearing in all-weather conditions including cold weather handling.

42% **MORE NAIL-PULL RESISTANCE**
VS. STANDARD SHINGLES
WITHOUT SURENAIL® TECHNOLOGY

THE ONLY SBS SHINGLE WITH SURENAIL® TECHNOLOGY

When performance is your priority, choose the shingle that offers you a material difference.

Duration FLEX® shingles are the only SBS modified polymer shingle with the added confidence of patented SureNail® Technology for exceptional wind resistance.

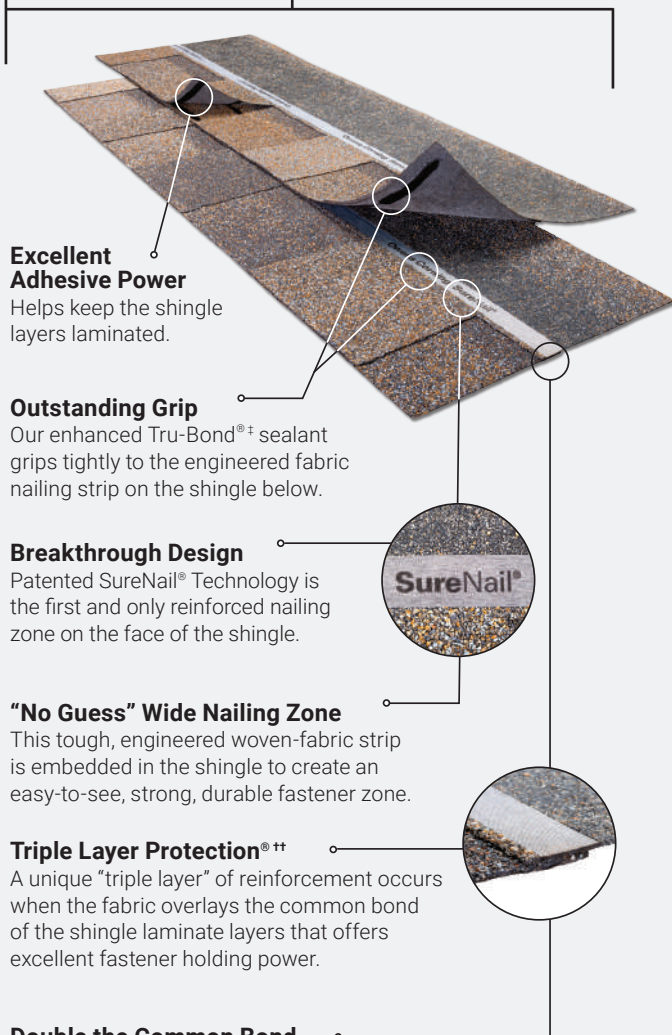

UL 2218, Class 4

Highest rating possible for impact resistance.

Flexible Shingles

Withstands shingle expansion and contraction; helps resist cracking and tearing.

Excellent Adhesive Power

Helps keep the shingle layers laminated.

Outstanding Grip

Our enhanced Tru-Bond® sealant grips tightly to the engineered fabric nailing strip on the shingle below.

Breakthrough Design

Patented SureNail® Technology is the first and only reinforced nailing zone on the face of the shingle.

"No Guess" Wide Nailing Zone

This tough, engineered woven-fabric strip is embedded in the shingle to create an easy-to-see, strong, durable fastener zone.

Triple Layer Protection®

A unique "triple layer" of reinforcement occurs when the fabric overlays the common bond of the shingle laminate layers that offers excellent fastener holding power.

Double the Common Bond

SureNail® Technology features up to a 200% wider common bond area in the nailing zone over standard shingles.

INSPECTION

There is a "dead spot" behind your chimney. This is a low slope area that will allow water to pool on your roof, creating a very high risk of a leak.

We will fix this by installing a slight slope behind your chimney to correctly direct water off of your roof.

OC OAKRIDGE

TERMS AND CONDITIONS

You may cancel this contract from the day you enter into the contract until 10 days after you receive a copy of the contract. You do not need a reason to cancel. If you do not receive the goods or services within 30 days of the date stated in the contract, you may cancel this contract within one year of the contract date. You lose that right if you accept delivery after the 30 days. There are other grounds for extended cancellation. For more information, you may contact your provincial/ territorial consumer affairs office. If you cancel this contract, the seller has 15 days to refund your money and any trade-in, or the cash value of the trade-in. You must then return the goods. To cancel, you must give notice of cancellation at the address in this contract. You must give notice of cancellation by a method that will allow you to prove that you gave notice, including registered mail, fax or by personal delivery.

I understand that if roof rot is discovered during tear-off COMPANY NAME reserves the right to replace sheathing and bill me up to \$200 in addition to the estimated cost below without notifying me in advance. COMPANY NAME will call me for authorization if wood replacement will exceed \$200.

I understand that I must remove items from the interior walls of my home that may be damaged or fall due to vibrations from the loading/installation of shingles on to my roof (if applicable), or installation of siding. COMPANY NAME is not liable for such damages.

I understand that minor stucco damage may result when the roof is torn off areas where stucco meets my roof's surface, especially where improperly applied. COMPANY NAME is not liable for repairing said damage.

I understand that any warranty for material used during the project is provided by the material manufacturer. Unless agreed upon otherwise, COMPANY NAME provides a 5-year Workmanship Warranty on portions of the project in which COMPANY NAME fully replaced any existing products. Roofing workmanship warranties will be reduced to one year when home owners have requested that full synthetic underlayment not be installed. Full warranty details available by request.

I understand that, unless agreed upon. This does not apply to products, some of which may deteriorate more rapidly (ie. sealants) and should be inspected on a regular basis, and am not responsible for material shortage and have no claim to material surpluses.

I certify that I am the registered owner of the above project property, or have the legal permission to authorize COMPANY NAME to perform the work as stated and agree to pay the total project price.

I understand that any insurance claims are subject to the specific terms and conditions outlined by my insurance company, and may be subject to insurance company approval.

I understand that payment in full is due upon completion of work as stated in contract. All invoices not paid in full after 15 days will be subject to a 2% per month interest charge.

I understand that approval of my estimate is subject to customer credit approval by COMPANY NAME. I agree that COMPANY NAME may access my credit bureau report(s), trade references, and other credit information prior to granting credit approval.
