In the face of ongoing military intervention, Ukrainian Health Care is challenged by the immense burden of the surge of severely injured patients. Unfortunately, we are not able to withstand the challenge operating with the resources, which are at our current disposal only. Therefore, we are in the strong need for the following supplies, which could possibly be provided by the friendly Germany hospitals:

1. Defibrillators
2. Aspirators
3. Electrocardiographs
4. Anti Decubitus Air Mattress
5. Bedding sets
6. Diapers for adults
7. Patient monitors
8. Syringe dispensers
9. 3 running ports with extension ports
10. Surgical dressings, gauze rolls.
11. Mobile X-ray.
12. Electrosurgical coagulators
13. Suture material
14. Pleural drainage tubes with trocars
15. Systems for intravenous infusions.
16. Central vein catheterization set.
17. Plates and intramedullary nails for bone fixation
18. Urinary catheters
19. Intubation tubes
20. Tracheostomy tubes
21. Spinal&Epidural needles
22. Epidural catheterization sets
23. Conicotomy sets
24. Nasogastric tubes

25. Enteral nutrition systems
26. Electrodes&electrocardiographs
27. Pulseoximeters.
28. Tonometers
29. Phonendoscopes
30. Face masks for oxigenation
31. Glucometers
32. Neck collars
33. Examination couch
34. Orthoses, bandages.
35. Equipment for rehabilitation after injuries
