

twine for Zoom: Host Quick Start Guide

1 Invite

Invite your participants to use the app in guest mode so they can see the timer, questions, and get the full twine experience

2 Create A Breakout

Click "Create a breakout" to setup your first twine matchmaking experience. Select from one of our four modes, set it up, and click "Start matchmaking"

3 OR...Let Us Do The Work!

Click "Launch" if you want us to automatically launch guests into 3 minute rounds of one-on-one speed networking for you!

? Don't see these host controls?

If you don't see these host controls, it is because you are not the owner and host of the meeting. The owner of the meeting is the person who generated the meeting link. Ensure you're the owner of the meeting before you open twine.
