

GENESIS / **30T**

DETACHABLE OR PERMANENT

The GENESIS 30T is thoughtfully designed to be compact and balanced, making it a superior choice for towing and recovery work in tight areas and where recovery space is limited. Zacklift's innovative reinforced secondary boom gives the Genesis 30T one of the highest extended ratings on the market coming in at 22,000 lbs. The unit's under lift is rated at a very capable 35,000 lbs of lift and 80,000 lbs towing capacity.

GENESIS / 30T

DETACHABLE OR PERMANENT

**THE WORLD LEADER IN HEAVY DUTY
DETACHABLE TOWING.**

The Zacklift GENESIS 30T is a fifth-wheel, detachable, 30 TON integrated boom and under lift system. Finally, a tow system that gives the user superior flexibility with zero compromises made on capability and quality. The innovative GENESIS 30T system gives the user the ability to "Build-A-Fifthwheeler"™ exactly as they need without the expense and limitations that come with standard heavy duty tow trucks.

The GENESIS 30T is thoughtfully designed to be compact and balanced, making it a superior choice for towing and recovery work in tight areas and where recovery space is limited. Zacklift's innovative reinforced secondary boom gives the Genesis 30T one of the highest extended ratings on the market coming in at 22,000 lbs. The unit's under lift is rated at a very capable 35,000 lbs of lift and 80,000 lbs towing capacity. The GENESIS 30T ships ready to work with minimal installation required. The signature durability Zacklift is known for has been engineered into the Genesis and will hold up to strenuous demands required by today's heavy duty towing professional. The flexibility and industry leading price point of the GENESIS makes it a solid investment in today's aggressive and unpredictable towing industry. The GENESIS 30T drops in place on recommended wheelbase tractors with no major modification or welding required. The GENESIS 30T is easily loaded or unloaded and stows easily off the tractor when needed. Permanent units are also available.

Optional accessories include a range of modular tool boxes, winches, fenders, wireless remote and pintle/ball/fifthwheel hitch. The GENESIS 30T is a truly customizable and upgradeable heavy duty towing system.

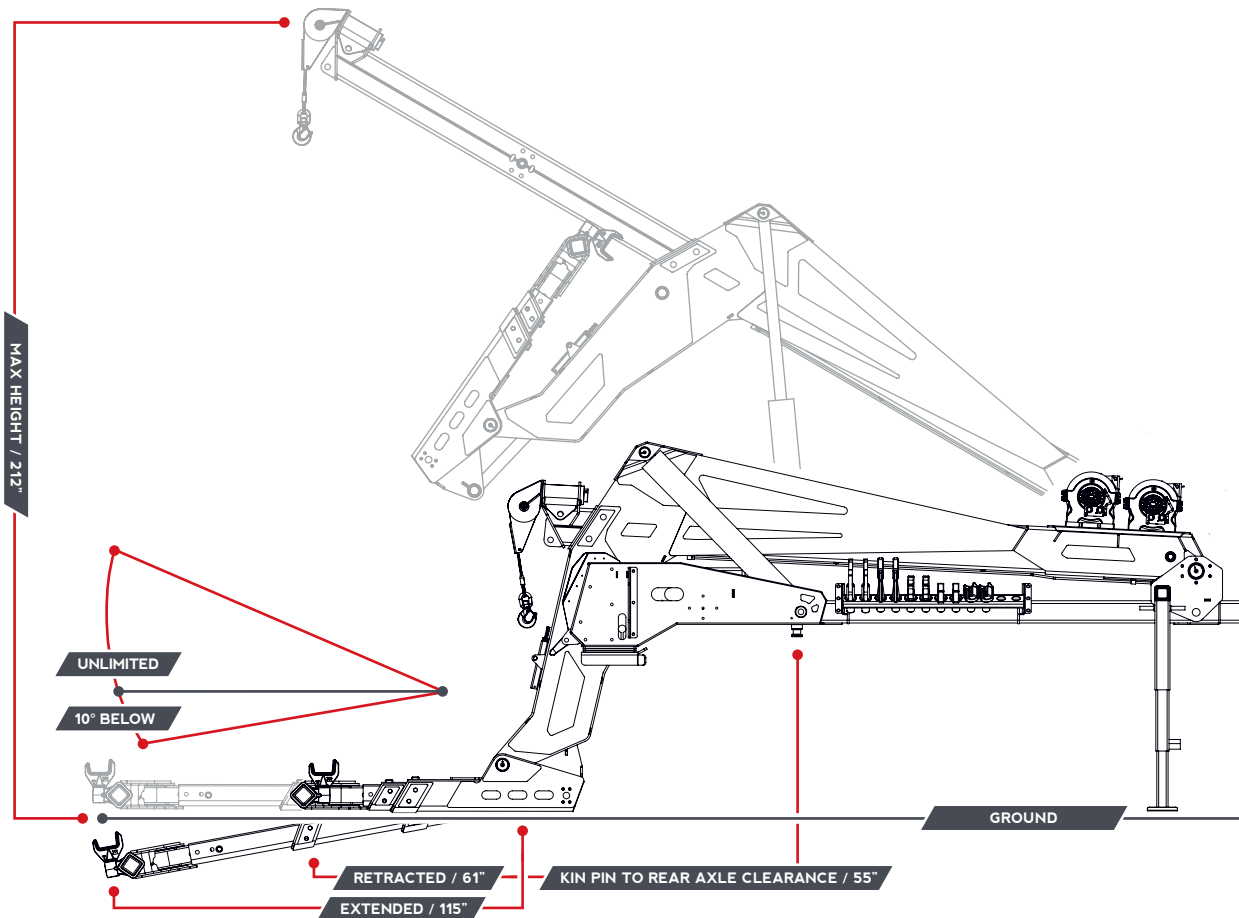

* SHOWN WITH OPTIONAL EXTRA TOOL BOXES AND FENDERS.
