

if you're still struggling with consent

just imagine instead of initiating sex

you're making them a cup of tea you say

hey would you like a cup of tea and they say

oh my god I would love a cup of tea

thank you then you know they want a cup of tea

if you say hey would you like a cup of tea and they're like

I'm not really sure then you could make them a cup of tea or not but be aware that they might not drink it

and if they don't drink it then and this is the important bit don't make them drink it

Just because you made it it doesn't mean you're entitled to watch them drink it

and if they say no thank you

then don't make them tea that's all

Just don't make them tea don't make them drink tea don't get annoyed at them for not wanting tea they just don't want tea

okay they might say yes please that's kind of you and then when the tea is actually there they don't want the tea at all

sure that's kind of annoying as you've gone through all the effort of making the tea but they remain under no obligation to drink the tea they did want tea now they don't some people change their mind in the time it takes to boil the kettle brew the tea and add the milk

and it's okay for people to change their mind and you're still not entitled to watch them drink it and if they're unconscious don't make them tea

unconscious people don't want tea and they can't answer the question do you want tea because they're unconscious

okay maybe they were conscious when you asked them if they wanted tea and they said yes but in the time it took you to boil the kettle brew the tea and add the milk they are now unconscious

you should just put the tea down make sure the unconscious person is safe and this is the important part again don't make them drink the tea they said yes then sure but unconscious people don't want tea

if someone said yes to tea started drinking it and then passed out before they'd finished it don't keep on pouring it down their throat, take the tea away. Make sure they are safe because unconscious people don't want tea trust me on this if someone said yes to tea around your house last Saturday that doesn't mean they want you to make them tea all the time they don't want you to come around to their place unexpectedly and make them tea and force them to drink it going but you wanted tea last week or to wake up and find you pouring tea down their throat going but you wanted a tea last night

if you can understand how completely ludicrous it is to force people to have tea when they don't want tea and you are able to understand when people don't want tea then how hard is it to understand when it comes to sex?

and on that note I'm going to make myself a cup of tea
