- // Hybrid blanket for conventional and sometimes UV colours / inks
- // especially developed for packaging and commercial printing
- // good Quick-Release

TECHNICAL DATA

Surface
Color: blue

Surface hardness
(DIN 53505):
62° Shore A

Total hardness:
79° Shore A

Surface Roughness:
0,9 µm (RA)

Elongation 500N/5cm:
0,75%

Compressibility
at 1.350 KPa:
0,200 mm

Layers :
3 precision calibrated fabric
layers

Nominal thickness
(ISO 12636):
1,95mm
