

Our Mission

The Insurance Industry Charitable Foundation helps communities and enriches lives by uniting the collective strengths of the insurance industry in providing grants, volunteer service and leadership.

Who We Serve and How

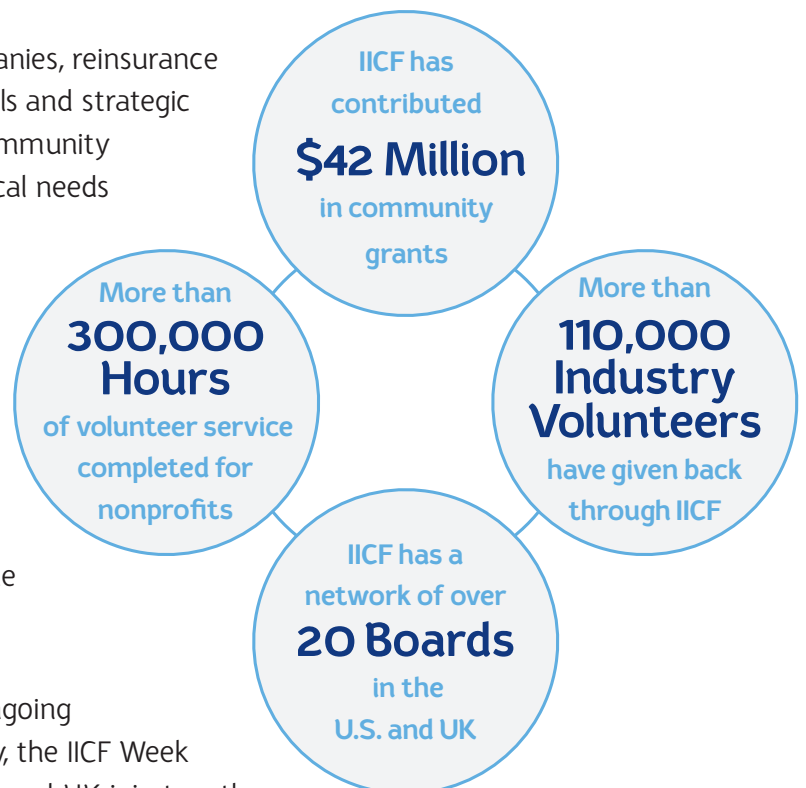

Through the collaborative efforts of insurance companies, reinsurance companies, employees, agents and brokers, individuals and strategic partners of the industry, the Foundation supports community nonprofits and charitable organizations that meet local needs throughout the United States and United Kingdom.

IICF exists to provide **grants** and generate support for designated, charitable nonprofit organizations, and to reinvest in local communities where funds are raised for maximum impact. Through its Community Grants Program, the Northeast Division helps to meet critical local needs by supporting programs in the area of education, children at risk, the environment and disaster preparedness.

Since 1998, the Foundation has hosted the largest ongoing **volunteer service** initiative in the insurance industry, the IICF Week of Giving. Industry professionals from across the U.S. and UK join together for this weeklong series of volunteer projects serving an array of nonprofits, and giving back to the local communities in which industry volunteers live and work.

The Foundation provides **leadership** on philanthropic issues and endeavors through each division's Board of Directors, Chapter Boards and Associate Boards of young professionals.

IICF further inspires action through global and divisional **leadership initiatives** that include the Women in Insurance Conference Series, the Early Learning Initiative in partnership with Sesame Workshop, Week of Giving volunteering, IICF personal giving campaign, McKinsey & Company philanthropic reporting, disaster relief campaigns, annual Benefit Dinners, Philanthropic Roundtables and more. Visit www.iicf.org to learn more about each of these industry initiatives.

What Makes IICF Unique

Since its founding in 1994, the Insurance Industry Charitable Foundation has played a meaningful role in helping communities and enriching lives through its unique approach:

- As a charitable foundation that represents an entire industry
- In maintaining a distinctive position between the communities we assist and the industry we represent
- Establishing an industry brand that represents collective insurance industry philanthropy
- Creating opportunity for individual employees, executives, brokers, agents and industry partners – many in professional competition – to work together in camaraderie to make a difference in their communities

How You Can Get Involved

IICF brings together experienced as well as young professionals within the insurance industry who are committed to giving back to their local communities:

The Value IICF Creates

Beyond the Foundation's mission of supporting nonprofits through grants, volunteer service and leadership, we accomplish this and much more as IICF:

- Enables greater community engagement, awareness and impact through the collaborative efforts of the insurance industry
- Unites the insurance industry through philanthropy and elevates industry's charitable profile
- Makes a difference in the lives of individuals and to nonprofits in the local community
- Offers opportunity to play a leadership role within an industry nonprofit, and promote corporate social responsibility at various levels – local, regional, national and international
- Develops talent and industry networks
- Amplifies individual insurance brands and spotlights community involvement of participating organizations
- Offers a meaningful way for smaller independent agents and brokers to give back to their local communities with greater effect
- Addresses philanthropic responsibility of the industry, providing a call to action and a third-party voice communicating and measuring the collective efforts of the industry

IICF Boston Chapter Grant Impact

The IICF Boston Chapter has awarded nearly \$500,000 in community grants over the last eight. In 2020, seven nonprofits were awarded grants:

Beacon Academy's mission is to propel determined students from under-resourced neighborhoods to defy stereotypes, push past societal limitations, and build lives of integrity, independence, and impact. The 10-year program prepares Beacon students to gain entry to, and succeed in, the most competitive high schools, colleges and careers.

Founded in 1949 and based in Boston, **Big Brothers Big Sisters of Massachusetts Bay** currently serves nearly 4,000 children each year through one-to-one, long-term, adult-child mentoring friendships. The mission is to partner with under-resourced families to provide their children with transformational, one-to-one professionally-supported relationships with caring adult mentors, so that their children will thrive.

Bottom Line is a multi-state support network for over 7,000 students. The organization provides one-on-one, in-person guidance from college applications until college graduation for each student. Through one-on-one, in person meetings, Bottom Line Advisors are able to assist students to address any problems encountered during college applications until graduation.

FR1ENDS of the CH1LDREN

Generational Change,
One Child at a Time

Boston

Friends of the Children Boston

creates generational change for youth who face the toughest challenges, utilizing professional mentors who work relentlessly with youth in their schools, homes, and communities, guiding them to develop their greatest potential and reach their goals for 12.5 years—from kindergarten through graduation.

In Control Family Foundation's

mission is to drastically reduce automobile crashes through closed course, hands-on training and community engagement. Hands-on training has been measured to drastically reduce crashes in both new drivers and experienced drivers.

PROJECT JUST BECAUSE

Helping families in need  from the Heart

Project Just Because helps struggling families in their times of greatest need by supplying basic necessities including warm clothing, food and school supplies.

women's lunch place

Women's Lunch Place is a safe, welcoming day shelter community, providing nutritious food and individualized services for women who are experiencing homelessness or poverty. We meet our guests where they are and treat them with dignity and respect. WLP has grown and evolved to meet the needs of the women in our community while remaining committed to the mission of providing a safe refuge, healthy meals, dignity and critical life changing services.
