

BaseTread SA

BaseTread 500 SA is available in serrated aluminum for low maintenance and features a 3/4" depth that supports heavy foot and cart traffic while providing a barrier against mud, dirt, and debris. The robust framework assures dimensional stability and longevity while the vinyl hinge allows the mat to be rolled up and moved for easy under-mat cleaning. A solid 1/8" thick vinyl "T" profile footer runs the full width and length of each section and provides a low-impact cushion for all traffic.

1 Select Size

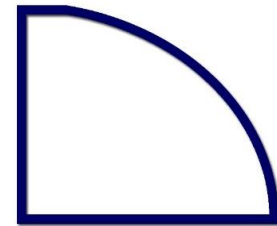

All mats are custom made per specification. Measurements down to 1/16" accuracy.
