

KRONA

Lay the groundwork for a Space that reflects your brand with this versatile lounge. Clean-lined from head to toe, this piece is found atop straight legs in a matte black finish for a modern touch. Multifoam and Polyester fiber cushion the curved arm and wood frame, while wool upholstery ties together the inviting and approachable look.

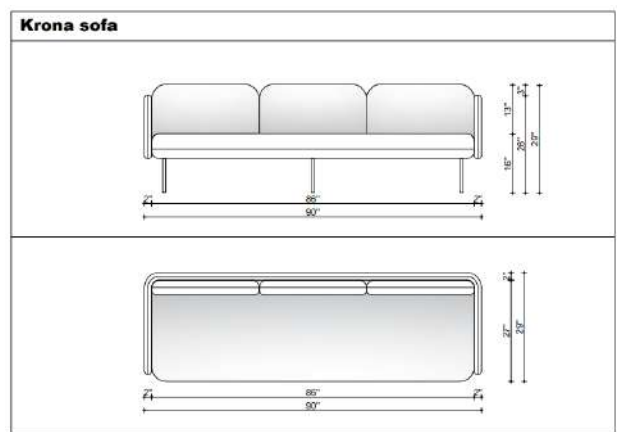

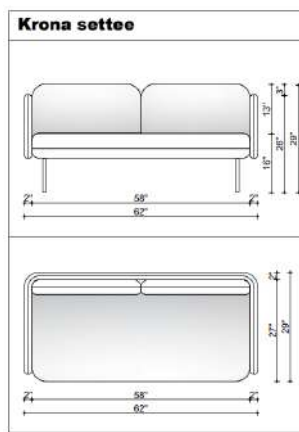

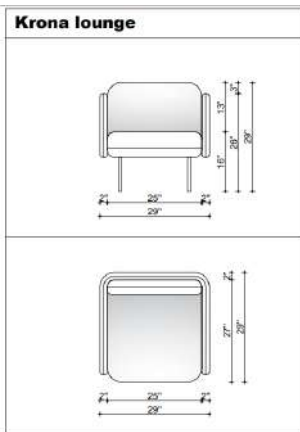

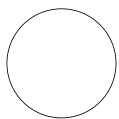

The rounded shapes of the Krona are expressive of Nordic design while making for an extremely comfortable place to work or relax. The curved back and seat of the chair and sofa wrap around you with a supportive embrace, while the sleek legs bring a classic appeal to the design.
