

**FRANC**

The high-back wraparound design of the Franc seating supports multiple uses within the office. Single Units can be used as quiet spaces for tasks requiring intense concentration. Larger configurations can be purpose-designed collaborative work areas that are ideal for brainstorming, confidential one-on-one chats or small, ad hoc meetings. The Franc is suitable for reception areas and breakout zones, where clients and employees can relax, chill out and socialise.

The Franc's silhouette series is characterized by the soft inviting seat cushion, which perfectly combines a strong character with a simple linear expression. Through defined channel details the piece maintains a strong presence. The sofa looks compact, space-saving and lighter while still substantial.

The Franc Highback Sofa allows the design to create private spheres within bigger spaces and provide shelter for conversation and collaboration. The design has a timeless yet modern expression that makes it an ideal fit in any open-plan space, hospitality setting, workplace or public area.
