PROFESSIONAL PROFILE

After three years on the Operations team at Explico, Ms. Kinsel moved into a Project Manager role in 2022, specializing in Accident Reconstruction. With a background in business, her focus has been improving procedures, resources, and team development, to provide the best possible experience to clients. She is particularly proficient in written communication, agile methodologies, and process improvement.

Ms. Kinsel is an active member of the Michigan Army National Guard, specializing in HIMARS Field Artillery. This high-stress position is dependent on effective team communication and resiliency. This experience has developed her skills in leadership, project management, and adaptability.

In her free time, Ms. Kinsel is an avid equestrian, with an emphasis on hunter, equitation, and jumper disciplines. She currently owns and trains a three-year-old thoroughbred.
