

OWN THE NARRATIVE

Welcome to **Rug Radio**, the decentralized media platform that is changing the way content creators distribute & own their content.

With a focus on quality content creators, we are able to attract high quality show guests but also high quality partners and sponsors. **Rug Radio** operates as a DAO that relies on the revenue streams we generate to fund the treasury and stability of the community projects, while delivering value back to its producers.

At **Rug Radio**, we believe in empowering content creators to own their content and control their ability to distribute that content across any platforms they want. We believe in quality over quantity, and our goal is to provide a safe and educational space for people to share their stories and ideas.

Being planned 4-6 times a year

- Metaverse Miami
- NFT LA
- Art Basel
- SXSW
- NFT Paris
- NFT NYC
- NFT London
- + many more being planned globally.

WHY PARTNER WITH RUG RADIO

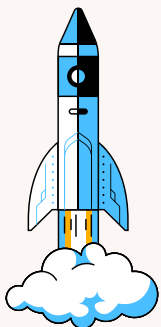

Rug Radio is the Voice of Web3 and is at the heart and pulse of the community.

While many projects and businesses within the NFT space will become successful, very few manage to build “culture”.

Rug Radio focuses on building authentic ties within the NFT community while empowering and educating the masses on the power of blockchain technology and Web3, while building a truly decentralized media ecosystem governed by the people.
