

Surfescape

Surfescape is all about lifestyle and community

It was born from a passion for sports and nature combined with a desire to live and share an alternative life. One that is more conscious, mindful, and healthier than the typical traditional city life many of us know.

Marco, founder and owner, first started Surfescape in Zanzibar in 2014. It all started from a kite-school, which eventually grew and turned into sports holiday apartments until an attractive opportunity to expand the project to Europe in Fuerteventura arose in 2019.

Since then, its team has grown and the Surfescape concept has evolved from providing individual services to a more comprehensive offering, with one main objective at its core: allowing its customer to make their dream life a reality.

Fuerteventura

Surfescape welcomes you to Fuerteventura, the European island of eternal sun and long white or golden beaches with turquoise blue water. The uniqueness of its sceneries and biosphere can leave you intrigued at first yet will undoubtedly end up charming you. Being the second largest and oldest one of the Canary Island, it offers 150 kilometers of picture-perfect beaches and hundreds of volcanoes that will sometimes make you wonder whether you just landed on Mars.

But one thing is clear, it is a true paradise for all watersports lovers, with excellent wind, waves, and summer weather conditions all year round. Thanks to this, most of its visitors share a common passion for sports, nature loving, wellbeing and mindfulness; a set of values that are at the core of Surfescape's values and offerings.

3. Pool, garden and relaxing area

Lajares' little oasis

After years of traveling and visiting paradise locations, nature became a growingly important part of our lives.

In Surfescape Fuerteventura, we wanted to create a little oasis in the middle of the desert. Some guests even say that it feels like a quick and easy getaway to Bali or Thailand, just a few hundred meters from nearby desert fields.

What mattered to us was to create an inviting environment that provides you with a peace of mind, coziness, and a connection with nature whether you are on holiday, working or on any form of health or mindful retreat.

Our yoga space

In the corner of our little oasis underneath the trees hides another gem of a haven: our yoga studio. Built entirely from wood with glass windows that shed bright natural sunlight across the space, our large yoga room is the perfect place for you to practice yoga, exercise or meditate.

However, since we are fully conscious that some of you are or even have your own yoga teachers, we leave you with several options to use this space as you desire.

 - Exclusive Surfescape partner: fleet of 20 cars at competitive pricing
 - Airport car rental companies: our top picks are Autoreisen, Top car and Plus car
- Private bus: we work with a partner that rents mini-buses for large groups from 12 to 19 people

All you must do is let us know, and we'll organize everything for you!
