Guidelines and Other Information

Menu Options

Menu is pareve unless noted. Please feel free to request additional options and your event manager will work to build the event as you would like it.

Event Confirmation and Pricing

Menu selections should be finalized no later than 2 weeks prior to an event. Final guest count should be submitted not later than 1 week prior to an event. We guarantee our pricing per person if the final guest count is +/- 10% of initial estimate account, additional fees may apply if there is a significant change in either direction. Prices per person listed here are with a minimum guest count of 100 people. Price adjustments may be necessary for smaller or larger groups.

Kosher Supervision

All events served by Yosi Kosher Catering must be supervised by a Mashgiach. The Mashgiach fees will be quoted per event depending on level of Kashering (preparing the kitchen and/or equipment for Kosher use) and time needed. Weekend events that occurring during or close to Shabbat may require accommodations for a Mashgiach to be within walking distance of the event.

Service Fee

All events incur a 20% service fee applied to the food and beverage. This is not a gratuity.

Event Restrictions

All events have to adhere to rules of Shabbat, some stations may not be available or may require modifications if falling during Shabbat.

Delivery and Travel Fees

We typically offer free delivery in the Greater Hartford area. Some restrictions may apply. For example having to transport equipment, or leave a refrigerated truck at a venue may incur additional fees. Long distances and deliveries to other states will incur additional fees. These will be determined based upon the requirements of your event.
