

Senior Associate

Leesburg, VA

Who we are:

Altagrove delivers smart and innovative technology solutions that create competitive advantages for our customers and their missions. Our focus areas include Space, Connectivity, Cyber, Cloud, Analytics, and Research & Development. As we continue to grow, Altagrove is actively recruiting for a Sr. Associate to join our energetic and entrepreneurial team that is executing on a variety of projects that are technology oriented. A successful candidate will bring a core area of expertise and a passion for learning and implementing new ideas in a start-up environment.

Follow us at - <https://www.linkedin.com/company/altagrove>

What we're seeking:

- Experience working in commercial or military space environment supporting satellite communications or other space-based technology solutions.
- Excellent writing, presentation, and verbal communication skills.
- Ability to independently create compelling, client-facing deliverables.
- Excellent analytical skills, consulting approach, and attention to detail.
- Ability to drive key meetings and workshops to achieve tangible outcomes.
- Technical aptitude and ability to learn technical concepts.
- Proficient with Microsoft Word, PowerPoint, Excel, and Project.
- Willingness to complete tasks as assigned with little supervision.
- Must be flexible to travel periodically in support of customer engagements and conferences.
- Bachelor's Degree from 4-year College/University or equivalent experience.
- Requires background investigation and ability to gain US security clearance.
- US citizenship required.

Additional Qualifications:

- Executes with an entrepreneurial spirit with a willingness to go the extra mile on behalf of our customers and their missions.
- Seeks the energy of a start-up environment and the opportunity to be a significant contributor to early-stage company growth activity.
- Consistently seeks to learn new concepts – both technical and programmatic – and quickly incorporates innovative ideas and methods into project execution.
- Contributes directly to proposals describing Altagrove solutions and the value proposition.
- Initiates routinely scheduled performance metrics reports and coordinates technical functions required to support the customer and the Altagrove team.
- Assists with data analysis and development using a variety of data resources in order to support the preparation of cyclical reports.
- Master's Degree or PhD, or equivalent experience, preferred.
