# AB WHEEL

2024 ADIDAS TRAINING CATALOG

### HIGHLIGHTS

Designed to develop total core strength, the adidas ab wheel is a great addition to traditional core training. Allowing you to perform rollouts, the wheel engages the entire core to develop both your stability and strength in one dynamic movement.

-  Achieve greater strength & stability through rollouts
-  Targets the entire core, back and shoulders
-  Created with a durable PP material construction
-  Rubber-like tire surface grip maximizes traction
-  Densely padded NBR foam handles

### MODEL NO.

ADAC-11404BK-NL

# PERFORMANCE AB WHEEL

## HIGHLIGHTS

Bringing a new dimension to your core workouts, the adidas performance ab wheel develops total abdominal strength and stability with a simple and effective movement. Targeting the abdominal muscles, obliques, and lower back as you perform the rollout, the ab wheel also works the upper back and shoulders as you contract through to your starting position.

-  Achieve greater strength & stability through rollouts
-  Targets the entire core, back and shoulders
-  Adjustable wheel placement for beginner and advanced modes
-  Durable design capable of supporting all users
-  High-grip wheels maximize traction
-  Ergonomic, TPR covered handles for comfort & grip
-  Lightweight, compact, and quick to assemble

## MODEL NO.

ADAC-11407

# CORE ROLLERS

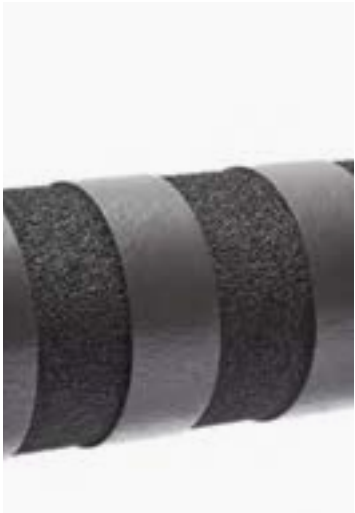

NEW COLOR FOR 2024

## HIGHLIGHTS

Offering an array of exercise options, the adidas core rollers engage the entire core, back and shoulders with a wide range of movement options. Delivered as a pair, the rollers take core rolling to a new level, allowing you to roll each side independently and in any direction.

-  Targets the entire core, back and shoulders
-  Twin core rollers vary your exercises to engage different muscle groups
-  Anti-slip wheels provide greater traction
-  Ergonomic, foam covered handles for comfort & grip
-  Lightweight, compact, and durably designed
-  6 " diameter wheels

## MODEL NO.

ADAC-11604GR **NEW**

# FOAM AB ROLLER

## HIGHLIGHTS

Designed with dual-functionality, the foam ab roller develops total core strength and aids recovery. Featuring detachable foam-gripped handles and an inner storage tube, the roller morphs to suit your needs pre, post and during workouts.

-  Functions as both an ab wheel and a massage roller
-  Helps develop total core strength
-  Eases muscle discomfort and increases mobility
-  Detachable handles with internal roller storage
-  Foam-gripped handles for comfort and durability
-  Textured surface massages whilst rolling

## MODEL NO.

ADAC-11405-NL

# PUSH UP BARS

## HIGHLIGHTS

Designed to enhance each rep, the adidas push up bars allow you to deepen your range of motion for more targeted training. Adding 11.5 cm in height to your push-ups, the bars place greater stress on both your chest, arm and shoulder muscles, helping to boost the effectiveness and challenge of each rep.

-  4.5" height adds greater depth to your push-ups
-  Increased vertical range places more emphasis on the chest, arm, and shoulders
-  Foam handles provide greater comfort and grip
-  Neutral handle positioning eases wrist discomfort
-  Wide base and floor grips add stability and traction

## MODEL NO.

ADAC-12231-NL

# PREMIUM PUSH UP BARS

## HIGHLIGHTS

Allowing you to deepen your push-ups by 14cm, the adidas premium push up bars enhance each rep by creating a deficit that traditional ground movements do not. Placing more emphasis on the chest, shoulder, and arm muscle groups, the premium bars create far more effective and challenging reps.

-  5.5" height adds greater depth to your push-ups
-  Increased vertical range places more emphasis on the chest, arm, and shoulders
-  Foam handles provide greater comfort and grip
-  Neutral handle positioning eases wrist discomfort
-  Grippy feet provide maximum floor traction
-  Solid design results in a max. user weight of 287lb

## MODEL NO.

ADAC-12233-NL

# PERFORMANCE PUSH UP BARS

## HIGHLIGHTS

Designed with numbered arrows and a shoulder target, the performance push up bars perpendicular grip alignment encourages perfect form in three highly effective push-up positions. With the embossed arrows facing forwards, the numbered positions can accommodate triceps, deltoid and major pectoral adjustments for more focused and concentrated muscular development.

-  4.6" height adds greater depth to your push-ups
-  Ergonomic handles reduce strain on the wrists
-  Numbered positions for targeting different muscles
-  Grippy base adds stability and traction
-  Solid design results in a max. user weight of 264lb

## MODEL NO.

ADAC-12232

# SWIVEL PUSH UP BARS

NEW COLOR FOR 2024

## HIGHLIGHTS

Designed to enhance your push-ups; the adidas swivel bars help to achieve a smooth, complete rep. Fitted with a ball bearing disk and rotation lock mechanism, the swivel push-up bars allow you to perform both static and dynamic movements. Designed with a gripped non-slip base, the adidas bars provide a solid platform for your workout.

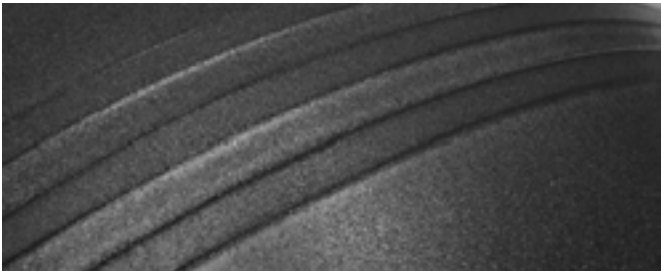

-  Designed to enhance your push-ups
-  Helps achieve proper form
-  Smooth ball-bearing disc
-  Rotation lock mechanism
-  Grippy, non-slip base
-  Wide grip handles

# MAT CARRY STRAP

## HIGHLIGHTS

Lightweight and durably woven from a strong cotton blend, the adidas mat carry strap is fit for any size yoga, pilates or training mat. Designed to fasten and loosen easily via the two sliding adjusters, the strap's looped design is perfect for use on the go - simply loop the strap over your mat, pick it up and you're ready to go.

-  Ideal for any size yoga, pilates or training mat
-  Simple looped design with sliding adjusters
-  Easy and quick attachment
-  Durably woven polyester/cotton material blend
-  Hardwearing yet comfortable on the shoulder

2024 RANGE

# CORK MASSAGE BALL

## HIGHLIGHTS

Made from 100% recycled cork material, the sustainably produced adidas cork massage ball reduces the usage of virgin materials and helps to end plastic waste. Ideal for use across the entire body, massage balls are an effective tool to alleviate aches and pains with targeted pressure before and after workouts.

-  Made from recycled cork
-  100% sustainable and biodegradable
-  Targets tight tissue with focused pressure
-  Helps alleviate aches and pains, and promotes faster recovery
-  3" diameter - ideal for all key muscle groups
-  Compact and ideal for your gym bag or traveling

## MODEL NO.

ADTB-11610

# CORK DOUBLE MASSAGE BALL

## HIGHLIGHTS

Made from 100% recycled cork material, the sustainably produced adidas cork double massage ball reduces the usage of virgin materials and helps to end plastic waste. Ideal for use across the back, neck, arms and legs, the double massage ball is an effective tool to alleviate aches and pains with targeted pressure both pre- and post-workout.

- Made from recycled cork
- 100% sustainable and biodegradable
- Targets tight tissue with focused pressure
- Helps alleviate aches and pains
- Increases blood flow and accelerates recovery
- Concave mid-section - Ideal for massaging the back, neck, legs, and arms
- Compact and ideal for your gym bag or traveling

## MODEL NO.

ADTB-11611

# MASSAGE ROLLER

## HIGHLIGHTS

Built to release tight tissue, the adidas massage roller targets aches and pains with broad yet concentrated pressure. Featuring two handles with fluted foam covers, the roller's seven rotating balls have a grooved texture for effective treatment across a larger surface area.

-  Releases tight tissue and alleviates aches and pains
-  Provides broad yet concentrated pressure
-  Seven rotating massage balls
-  Grooved foam handles for comfort

ADTB-11608BK-NL

# EPP FOAM ROLLER

## HIGHLIGHTS

Made from 100% recycled EPP foam, the sustainably produced adidas foam roller reduces the usage of virgin materials and helps to end plastic waste. 35" in length, the long design allows for a wide variety of both stretching and massage techniques, promoting faster recovery and reducing muscle soreness after tough training sessions.

-  Made from 100% recycled EPP foam
-  Made for a wide variety of stretching and massage
-  Accelerates recovery to reduce muscle soreness
-  Dense foam construction creates a more concentrated massage
-  Long design for targeting all major muscle groups
-  Closed cell EPP foam prevents moisture absorption for greater hygiene
-  Dimensions: 35 x 6" dia.

## MODEL NO.

ADAC-11507

# ESSENTIAL FOAM ROLLER

## HIGHLIGHTS

Made from dense EVA foam with a geometric surface texture, the roller's outer construction provides the perfect balance of responsiveness and rigidity - whilst the strong ABS tube core allows you to target the entire body whilst maintaining its form for optimal pressure application.

-  Geometric surface texture for a deeper massage
-  Strong inner core maintains form for effective pressure
-  Dense EVA foam construction
-  Provides a firm yet cushioned surface
-  Compact design, ideal for taking to the gym
-  Dimensions: 13 x 5.5" dia.
