EXPERIENCE

June 2022 - present | San Francisco

UX Designer @ SuperWorks

- Building information architecture, user flows, wireframes, prototypes, and design systems for the design agency's client projects
- Collaborating with the research team to conduct user testing and synthesize research insights
- Managing client social media accounts, designing social media templates, and co-creating marketing strategy with team and clients
- [Read case study](#)

January - September 2022 | San Francisco

UX Design Intern @ Anti-Defamation League

- Designed user experience flows and interfaces for 25 design patterns in the ADL's social media pattern database under supervision of project lead
- Consolidated research insights into written drafts of pattern instructions
- Streamlined the Figma design system for efficiency and scalability
- [Read case study](#)

June - August 2021 | San Francisco

UX/UI Design Intern @ Kinchin

- Mapped out the information architecture, task flows, and brand identity for Kinchin, a startup for maternal community support and doula matching
- Collaborated with a small team to build wireframes and a development-ready prototype for Kinchin's website

January 2021 - May 2022 | San Francisco

Student Council Senior Fellow, Special Projects @ CCA

- Co-led a target student audience research and rebranding project, which doubled post-quarantine event attendance, member applications, and student participation in advocacy efforts
- Facilitated student teams to design and execute town halls and coffee chats to bolster open communication and information-sharing initiatives between students and admins
- Was Student Council Assistant Senior Fellow from 2019 - 2021
