

December, 2021

Happy Holidays to our supporters,

Happy Tails volunteers and staff close out another year proud that they helped more than 500 animals find their forever homes, get the medical care they need or be able to live out their lives in our sanctuary. As many of you know, our organization has a unique place in the community because it takes in those dogs and cats other shelters may find too difficult to help – whether for medical or behavioral reasons. Your financial support is crucial to helping us fill that need.

It's a need best illustrated in the many stories of the animals we serve through your donations. Here are just a couple of them. Delilah came to us with degenerative joint disease and hearing loss. She was skinny and weak and we weren't sure she would make it. Thanks to the dedication of our staff and volunteers, she was nursed back to health. Delilah had a special place in our center office until a lovely couple adopted her.

Chewy is an adorable, scruffy terrier mix that has won our hearts. As with all of our dogs, she is with one of our dedicated foster families until she is adopted. Chewy's back two legs are partially paralyzed so she has some limitations. However, we are working with her disability. She may not have made it in another shelter. Chewy has a great spirit and would make a wonderful companion for someone willing to give her a chance. As of this writing, she would love a forever home!

Happy Tails could not help Delilah and Chewy without your support and that's why we are asking for your donations however great or small. You will get the satisfaction of knowing you are supporting an organization that values the lives of all animals.

Wishing you a lovely holiday season,

The Happy Tails Board of Directors
