

## Get continuous updates

Engage proactively with customers as new risks and opportunities emerge. Monitor changes to a customer's information throughout the entire lifecycle.

Trusted by 600+ companies

### In-life monitoring

Recognise when there are changes to company status, officer appointments, newly filed financials, changes to the number of employees or modifications to existing addresses or the adding of new ones. Now you can be more proactive with your in-life monitoring and identify new opportunities for growth within your existing customer base.

#### Always up to date

Mitigate remediation costs and remain fully compliant with industry regulations

Stay up with the pace of change in the market and immediately identify new opportunities to deepen your investment
