WISDOM COMES TO THOSE WHO SEEK

WISDOM.EVENTS

# MARITIME

# PORTFOLIO

Wisdom proudly sports a commendable portfolio of events revolving around the maritime sector, aimed at helping companies successfully navigate the waves of new-age trends and technologies to improve ROI, efficiency, and performance.

We bring together key industry players from all around the world to share their experiences, know-how, and innovations that are making the industry go round, and brainstorm potential solutions to pressing issues. The interactive format ensures that the events are not just a note-taking experience, but a platform where business objectives can be discussed, acted upon and accomplished.

# Our Clients

# ARE WE LIKED?

HEAR FROM OUR CLIENTS....

It's very worthwhile being in these environments, being open to receiving new ideas and being able to discuss it with our peers in the industry.

**CHRIS MILLMAN,**

**Vice President of Corporate Marine Technology**

Mix of commercial and technical aspects add quite a good flavour to the summit.

**WAEEL HAMED ABDEL MOATI,**  
**OAPEC, Gas Industries Expert**

It is a wonderful Green shipping initiative. The initiatives are getting awards. That should be the future.

**DIRK VANDE VELDE,**

**Chief Sustainable Development Officer**

Great opportunity as service providers to meet with the owners of EPC contractors and industry companies. Good setting to come and meet with other partners. Great opportunity to reconnect with people one works with.

**ADI AGGARWAL,**  
**Program Manager, Global Gas Solutions**

Very good crowd. People definitely should get together in event like this, because only together we can solve these big issues that we have for the industry.

**POUL WOODALL,**

**Director, Environment & Sustainability**
