Plant Trolleys

YOUR TRUSTED PLANT PACKAGING

AND PLANT TRANSPORTATION EXPERTS.

TROLLEY (PLANT CART) TYPES

A-ROO Company Plant Trolleys provide a high quality way to transport your plants or flowers easily and efficiently.

Our Plant Trolleys are built from sturdy metal frames with your choice of surface treatment. Hot Zinc (hot dip galvanizing), Cold Zinc (electro-galvanizing), powder coated paint (entire part) or hand painted (for specific area). Anodized finishes are also available.

HALF TROLLEY

SHOWRACK

All A-ROO Company Plant Trolleys are made to suit your specific needs. There are some Trolleys that have standard dimensions and features, but even these can be set-up to your individual needs with your choice of Shelves, Wheels, Hitch & Pin configuration, etc. Examples of these types are shown above.

Our modern state of the art metal works factory has years of experience in building custom Plant & Flower Trolleys for global consumption. An experienced work force, combined with robotics and precision manufacturing methods, assures our customers of top quality and great value.

We have experience working on many customized features for our customers to meet their most critical needs. Personal / Company Identification Signage, Custom Painting / Coloring, Sequential Coding, Bar Coding, Shelf Numbering and Tow Motor Lift Fixtures are just some examples of features we can include on your Plant Trolleys if so desired. Examples of some custom Plant Trolleys are shown on the right.

GARDEN CENTER TYPE NESTING SHOPPING CART

Your Customers will love the convenience of this easy-to-use and versatile Shopping Cart designed to carry chosen plants, bedding flats and virtually any garden center or store item easily to checkout and beyond. With its unique top shelf fold back and down design, even large items can be transported by Customers or Store Personnel. With the Top Shelf in the retracted position the Garden Center Shopping Cart also nests conveniently, saving valuable store space. Built to last and hot zinc galvanized. The maximum weight capacity for these carts is 441 lbs (200 kgs).

DON'T FORGET ABOUT OUR STOCK TRUNK MAT – 28" X 45" STANDARD

Customer Centric

EZ-to-use

500 Trunk Mats per Roll

Custom Printing and Sizing available upon request.

SHELVES

Some popular choices include Dark or Gray Plastic, Expanded Mesh, Wire Mesh, Sheet Metal and Wood. All are easily adjustable and can be moved to accommodate any plant height and configuration. Variations to shelves are always possible, such as reinforcement, holes, etc. Consult with an A-ROO Company Sales Professional to review your specific needs.
