The Insignia Pot from A-ROO Company is fully customizable and available in five standard sizes: 1 pt, 1 qt, 6", 6.5" and 8". Full color process printing allows endless creative possibilities.

The heat-welded seams, field tested UV inks and added drain holes allow plants to be grown in the pot or you can simply use it as a decorative cover.

Printed and produced in the US, the Insignia Pot has no added plate charges and a 1,000 piece minimum production run. Contact an A-ROO Company Sales Representative for more information.
