American White Oak - Quercus Alba

DATA SHEET

American White Oak

Quercus Alba

American White Oak is similar in colour and appearance to European Oak. The sapwood of American White Oak is light coloured, with a heartwood that is light to dark brown. The grain for White Oak is mostly straight with a medium to coarse texture.

Note: Not to be confused with American Red Oak. White Oak has longer rays than Red Oak, therefore White Oak has more figure. American White Oak colouring is also more consistent. Red Oak coloring includes an occasional pinkish tinge.
