MESSAGE

99

DEAR CDRS FAMILY,

Without You, my team and I simply could not do all the great work we do for less fortunate families. We are so busy with our many efforts which are made possible by you, we wish we had more time to properly express our gratitude personally to each one of you. I want you to know that all of you are in our prayers and we love you for giving us the opportunity to fulfill our purpose in life, which is simply to use as much of our time and experience as possible to serve Human Beings in their time of need, replacing their fear and sadness with hope and smiles, and a chance for a better future.

This report focuses on the last five years of CDRS operations in Pakistan, our current projects, and key all-time statistics. These pages will provide you with a greater understanding of our accomplishments, particularly in the modern era of CDRS which began in 2014 when we started taking our first steps towards expanding beyond the provision of healthcare and logistics in disaster zones to implementing social welfare, development and youth community service projects.

As you take a look at this report, please keep in mind that our strength and effectiveness comes as a result of our extensive capabilities and experience with great dedication to our work. CDRS has been tested by every type of disaster and the most challenging circumstances imaginable. We never give up in hard times and will never stop believing in Humanity. We have a unique approach to field work based in logistics excellence and strategic partnerships with other organizations and the communities we serve. Our team has the adaptability, creativity, toughness, tenacity, compassion and successful track record to provide a wide range of innovative programs which are effective and cost efficient. We can manage any kind of humanitarian work, including helping YOU bring to life your own dream project.

In closing, words fail to impart just how much my team and I appreciate you. **Thank You** with all my heart and soul for your support which has allowed my team and I to assist millions of people over the past 13.5 years who were in desperate need. There is a lot more work to do, and we hope you will continue to be part of CDRS and our wonderful mission.

May Allah Bless You and Your Families,

Best Regards,

Todd Shea

On behalf of the entire CDRS Team

CDRS MOTHER & CHILD HEALTH CENTER, NORTHERN SWAT, KPK

Swat Valley, “the Switzerland of Asia”, has been the victim of a series of catastrophes, starting with the 2005 earthquake. In 2009, the People of Swat had to endure war between The Pakistan Army and The Taliban, resulting in the displacement of 3.5 million citizens.

The 2010 floods exacerbated their struggles by destroying homes, bridges, farms, road and hospitals.

CDRS responded by setting up multiple mobile medical camps. A permanent health facility was needed, which was established in August 2011.

The health center has the following facilities:

Antenatal and Postnatal Care for Mothers
X-Ray Unit, ECG Machine

CDRS H₂O PROJECT

Pakistan crossed the water scarcity threshold in 2005 and the country is on the brink of running-dry by 2025, according to The Pakistan Council of Research. The shortage of water across the country has forced a number of people to rely on contaminated water, and that is only the tip of the iceberg. In fact, this tainted water kills and sickens more children and elderly persons than accidents and wars.

With little rainfall, underground aquifers are the main water source for communities, agriculture and livestock. CDRS provides many solutions to contribute to Pakistan's water management efforts:

CDRS YOUTH

CDRS YOUTH began in 2014 when co-founder **Justin Shea** led a humanitarian relief mission to deliver food, water and medicines to Thar Desert, and CDRS volunteer **Shanzay Pervaiz** put together a group of students to collect food, water and clothing for North Waziristan Internally Displaced Persons (IDP's).

The project was formally initiated in 2015, after **Junaid Nazir**, co-founder of CDRS Youth, approached **Todd Shea**, passionately wanting to work with CDRS to do community service & social work.

Junaid then gathered a team of volunteers in Karachi and initiated the “**Each One Teach One**” education program, providing computer lessons to poor students. This team went on to receive the Sitara-e-Karachi medal for its heroic efforts during the Karachi Heat Emergency in 2015.

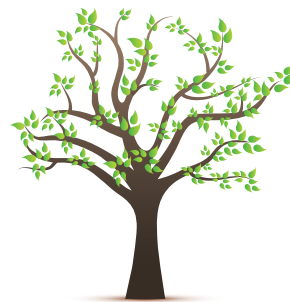

CDRS Youth now has over 1,200 volunteers in 23 chapters all across Pakistan

COME AND JOIN US

AND BECOME PART OF OUR CAUSE

"If you or your family might be interested to be a part of our mission, I would love to have a conversation about all the ways you can volunteer, invest in our ongoing projects, or start your own project that the CDRS team implements for you. We have many references from people just like you that we have done projects of all types and durations for, and I am more than happy to put you in contact with them as you consider collaborating with CDRS.

I humbly request you to consider helping us further expand our current projects. You can do this by committing to give a fixed amount of funding monthly or once per year, promoting our work to your friends and associates, sharing our projects and videos on social media, volunteering your time from home or in the field, hosting events in your community or starting up a CDRS chapter."

WE CAN MANAGE ANY KIND OF HUMANITARIAN WORK, INCLUDING HELPING YOU BRING TO LIFE YOUR OWN DREAM PROJECT.
