High Pastures Meal Service

We aim to provide you with high quality food served by warm, smiling faces at the lowest prices possible. We believe sharing a meal is an experience ordained by God to unite people. Much of Jesus' ministry on this Earth was done informally around a table, not his own, thanks to generous hospitality. Our desire is to create an environment which encourages this type of ministry to occur. We aim for our guests to feel like they have been invited over to our house for dinner. Our caterer works in partnership with our staff to provide good food and exceptional hospitality.
