Online Education

1. Does all programs/courses were completed on time.	Yes
2. Measures taken to complete the syllabus of courses and programs.	The most challenging online classes in schools and colleges as an alternative to regular classes have come to stay in the routine due to the uncontrollable Covid-19. However in the midst of such pathetic situation, such challenges have to be met to keep the ball rolling and carry forward the students learning through online classes. STC, since April 2020 started its online classes with smart classrooms, ICT tools and virtual practical classes through various online platforms, so that students could be taught in their subjects regularly and facilitate completing the syllabus of each subject of every course. Each department prepares the time table for the online classes and mailed the same to students mobile on daily basis giving the proper link. Every day online classes would commence at 10 am and would end at 12 noon and again at 2 pm to 3 pm. Attendance was made compulsory and irregular students would be given special care. Subject materials have been distributed through the ERP-LMS software for the benefit of students. Day to day attendance was recorded through the ERP Software. Absentees were monitored and advised to attend all the sessions regularly. The end semester examination were conducted through online mode and the evaluation done digitally.
3. The period of delay in completion of syllabus (in months).	0
4. The period of delay in conducting exams (in months).	1

Online Education

1. Does all programs/courses were completed on time.	Yes
2. Measures taken to complete the syllabus of courses and programs.	The most challenging online classes in schools and colleges as an alternative to regular classes have come to stay in the routine due to the uncontrollable Covid-19. However in the midst of such pathetic situation, such challenges have to be met to keep the ball rolling and carry forward the students learning through online classes. STC, since April 2020 started its online classes with smart classrooms, ICT tools and virtual practical classes through various online platforms, so that students could be taught in their subjects regularly and facilitate completing the syllabus of each subject of every course. Each department prepares the time table for the online classes and mailed the same to students mobile on daily basis giving the proper link. Every day online classes would commence at 10 am and would end at 12 noon and again at 2 pm to 3 pm. Attendance was made compulsory and irregular students would be given special care. Subject materials have been distributed through the ERP-LMS software for the benefit of students. Day to day attendance was recorded through the ERP Software. Absentees were monitored and advised to attend all the sessions regularly. The end semester examination were conducted through online mode and the evaluation done digitally.
3. The period of delay in completion of syllabus (in months).	0
4. The period of delay in conducting exams (in months).	1
