Not By Chance Leadership

Creating Great Culture Through Intentional Acts

Leadership does not happen by chance. Leading high-performance teams to accomplish the mission must be done with intentionality. Great leaders understand that organizational culture cannot be left to chance either. Not by Chance Leadership will look at the concept of Mission, People, and Ownership as a way to help leaders become inspirational change agents and create a culture which breeds success at all levels of the organization. We will discuss:

People as our Greatest Asset

Getting Everyone focused on the Mission and Vision

Using the Power of Ownership to set you and your people up for success

Building Trust and Cultivating Relationships

Encouraging Communication at every Level

Who Should Attend?

- Executive level personnel, both sworn and non-sworn

What Others Are Saying

"I liked how much focus was given on helping the people of the organization, not just the organization as a whole. The people make the organization, and everyone needs to know they matter and hear their voice." -Colorado Officer

"I thought this course was extremely well delivered and is applicable to all audiences. I learned a lot about leadership today and it gave me a lot to think about in terms of the leader I want to be moving forward." - Canadian Officer
