LETTER TO SHAREHOLDERS

March 21, 2023

To our Fellow Shareholders:

Tamarack Valley Energy Ltd. ("**Tamarack**" or the "**Corporation**") is pleased to announce our annual general meeting of shareholders. We hope you will join us at the Calgary Petroleum Club on May 10, 2023 at 3:00 p.m. (Mountain Time) where we look forward to sharing both our 2022 results and 2023 plans. Building on the strategic refocus that the organization established in 2020, Tamarack has continued to drive long-term sustainability through a focus on key performance targets including free funds flow growth and the return of capital to our shareholders, all while ensuring the progress of environmental social and governance factors.

In 2022, the Corporation completed and integrated three material Clearwater acquisitions, executing the next phase of our corporate strategic plan – to expand the Corporation's presence in newly-established, key core areas. As a result of the acquisition and development activity in 2021 and 2022, Tamarack is now a distinct leader in the Charlie Lake and Clearwater plays, which are two of the most economic oil plays in North America. Furthermore, the divestment of two non-core assets contributed to the strategic rationalization of our asset portfolio moving forward. Together, our operational execution and net \$1.7 billion of 2022 acquisition and disposition ("**A&D**") transactions drove reserve and free funds flow accretion, while enhancing the long-term sustainable free funds flow in the corporate five-year plan.

With the success of these acquisitions and the exemplary execution of our capital and operational programs, Tamarack was able to exceed production guidance, deliver record free funds flow and introduce a return of capital framework. Our return of capital program included strategic share buybacks and monthly dividends, which started the year at \$0.0083/share and subsequently grew 50% across the year to \$0.0125/share. The success of 2021 and 2022 has set Tamarack up to sustainably fund the base dividend through free cash flow over a wide range of commodity price environments while continuing to reduce current debt obligations.

Along with the transformation of the business operations, Tamarack also underwent a significant transition in capital structure with the move away from reserve based to covenant lending and the addition of long-term fixed priced debt. As part of this transition, Tamarack was able to further demonstrate environmental, social and governance (ESG) leadership through the addition of sustainability targets on the new bond issuances (the "**SLB**") and the amended revolving facility (the "**SLL**"). The SLL and SLB include sustainability performance targets that align with the organization's values and include ambitious milestones in the areas of emissions reductions, abandonment and reclamation program deployment and Indigenous workforce participation.

The many accomplishments in 2022 were made possible by the support and dedication of our incredible team, including employees, contractors, and the Board of Directors. Tamarack wishes to thank all those who have contributed to our success in 2022 and looks forward to seeing what we can achieve together in 2023.

MANAGEMENT INFORMATION CIRCULAR

FOR THE ANNUAL GENERAL MEETING OF SHAREHOLDERS TO BE HELD ON MAY 10, 2023

This management information circular (the "**Information Circular**") is furnished in connection with the solicitation of proxies by or on behalf of the management of Tamarack Valley Energy Ltd. (the "**Corporation**" or "**Tamarack**") for use at the annual general meeting of the holders (the "**Shareholders**") of Common Shares of the Corporation to be held in-person at the Calgary Petroleum Club on Wednesday, May 10, 2023 at 3:00 p.m. (Mountain Time), and any adjournment or adjournments thereof (the "**Meeting**") for the purposes set forth in the accompanying Notice of Annual General Meeting of Shareholders.

SOLICITATION OF PROXIES

The solicitation is made by management of the Corporation. In addition to solicitation by mail, proxies may also be solicited by telephone, email or other means of communication and by directors ("**Directors**"), officers and employees of the Corporation, who will not be specifically remunerated therefor. Tamarack may also retain a solicitation agent to assist in connection with the Corporation's communications with Shareholders. Other than as described below, the cost of any such solicitation will be borne by the Corporation.

NOTICE AND ACCESS

Tamarack has elected to use the notice and access provisions ("**Notice and Access**") under National Instrument 54-101 (NI-54-101) *Communications with Beneficial Owners of Securities of a Reporting Issuer* for the meeting in respect of mailings to beneficial holders of common shares. Notice and Access allows Tamarack to provide shareholders with electronic access to the Information Circular for this Meeting instead of sending a paper copy. Management believes that this approach aligns with the Corporation's strategic focus on environmental management and financial efficiency. Tamarack will continue to provide paper copies of the Information Circular to those registered shareholders and beneficial shareholders that have previously requested to receive paper materials.

Shareholders have the ability to receive a paper copy of materials if requested utilizing the instructions provided in the notice of Meeting and as outlined below. This notice also outlines how to access and review electronic materials for the Meeting and instructions on voting by proxy at the Meeting. Materials for the Meeting are available on the SEDAR website at www.sedar.com or through Odyssey Trust Company at <https://odysseytrust.com/client/tamarack/>.

Obtaining Paper Copies of Meeting Materials

Shareholders may request to receive paper copies of the materials by mail at no cost. Requests for paper copies must be received by **April 27, 2023**, for the paper copy to be delivered in advance of the Meeting. Shareholders may request a paper copy of the materials up to one year from the date the materials were filed on www.sedar.com. For more information regarding Notice and Access or to obtain a paper copy of the Materials, please contact our transfer agent, Odyssey Trust Company, via their website at www.odysseycontact.com or by phone at 1-888-290-1175 (within North America) or 1-587-885-0960 (outside North America).

APPOINTMENT AND REVOCATION OF PROXIES

Registered Shareholders may vote at the Meeting or they may appoint another person or company, who does not have to be a Shareholder, as their proxy to attend and vote in their place. The persons named in the enclosed form of proxy are Directors or officers of the Corporation. A SHAREHOLDER SUBMITTING A PROXY HAS THE RIGHT TO APPOINT A PERSON OR COMPANY TO REPRESENT SUCH SHAREHOLDER AT THE MEETING OTHER THAN THE PERSON OR COMPANY DESIGNATED IN THE FORM OF PROXY FURNISHED BY THE CORPORATION, INCLUDING A PERSON OR COMPANY THAT IS NOT A SHAREHOLDER. TO EXERCISE THIS RIGHT, THE SHAREHOLDER SHOULD INSERT THE NAME OF THE DESIRED REPRESENTATIVE IN THE BLANK SPACE PROVIDED IN THE FORM OF PROXY AND STRIKE OUT THE OTHER NAMES OR SUBMIT ANOTHER APPROPRIATE PROXY. To be effective, the enclosed proxy must be deposited with: (i) the Corporation's transfer agent, Odyssey Trust Company, by mail at 1230, 300 5th Avenue SW, Calgary, Alberta T2P 3C4 Attention: Proxy Department or by fax to (800) 517-4553, no later than forty-eight (48) hours (excluding Saturdays, Sundays and statutory holidays in the Province of Alberta) prior to the time set for the Meeting or any adjournment(s) thereof; or (ii) the scrutineer of the Meeting on the day of the Meeting in person, prior to the commencement of the Meeting. The instrument appointing a proxy shall be in writing under the hand of the Shareholder or his or her attorney, or if such Shareholder is a corporation, under the corporate seal, and executed by a Director, officer or attorney thereof duly authorized. Alternatively, Shareholders may complete their proxies online at <http://odysseytrust.com/Transfer-Agent/Login>, no later than forty-eight (48) hours (excluding Saturdays, Sundays and statutory holidays in the Province of Alberta) prior to the time set for the Meeting or any adjournment(s) thereof.

A registered Shareholder who has submitted a proxy may revoke it at any time prior to the exercise of that proxy. In addition to revocation in any other matter permitted by law, a proxy may be revoked by instrument in writing executed by the registered Shareholder or his or her attorney authorized in writing or, if the Shareholder is a corporation, under its corporate seal or executed by a Director, officer or attorney thereof duly authorized, and deposited with: (i) the Corporation's transfer agent, Odyssey Trust Company, at 1230, 300 5th Avenue SW, Calgary, Alberta T2P 3C4, no later than forty-eight (48) hours (excluding Saturdays, Sundays and statutory holidays in the Province of Alberta) prior to the time set for the Meeting or any adjournment(s) thereof; or (ii) the scrutineer of the Meeting on the day of the Meeting in person, prior to the commencement of the Meeting, and upon such deposit the proxy is revoked.

EXERCISE OF DISCRETION BY PROXY HOLDERS

All Common Shares represented at the Meeting by properly executed proxies will be voted or withheld from voting, in accordance with the instructions of the Shareholder, on any ballot that may be called for and, if the Shareholder specifies a choice with respect to any matter to be acted upon, the proxy will be voted in accordance with such specification. **IN THE ABSENCE OF SUCH SPECIFICATION, SUCH COMMON SHARES WILL BE VOTED IN FAVOUR OF ALL MATTERS SET FORTH IN THIS INFORMATION CIRCULAR.** The enclosed proxy confers discretionary authority upon the person named therein with respect to amendments or variations to matters identified in the notice of Meeting and with respect to other matters which may properly come before the Meeting. At the time of publishing of this Information Circular, management of the Corporation knows of no such amendment, variation, or other matter.

ADVICE TO BENEFICIAL HOLDERS OF SECURITIES

The information set forth in this section is of significant importance to many Shareholders, as a substantial number of the Shareholders do not hold Common Shares in their own name. Shareholders who do not hold Common Shares in their own name (referred to in this Information Circular as "**Beneficial Shareholders**") should note that only proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Beneficial Shareholder by a broker or other intermediary, then in almost all cases those Common Shares will not be registered in the Beneficial Shareholder's name on the records of the Corporation. Such Common Shares will more likely be registered under the name of the Beneficial Shareholder's broker, or an agent of that broker, or another intermediary. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms). Common Shares held by brokers or their agents or other nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for their clients. Therefore, Beneficial Shareholders should ensure that instructions respecting the voting of their Common Shares are communicated to the appropriate person.

Applicable regulatory policies require intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of Shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. The form of proxy or voting instruction form supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is similar to the form of proxy provided to registered Shareholders by the Corporation. However, its purpose is limited to instructing the registered Shareholder (the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**"). Broadridge typically mails a scannable voting instruction form in lieu of the form of proxy. The Beneficial Shareholder is requested to complete and return the voting instruction form to Broadridge by mail or facsimile. Alternatively, the Beneficial Shareholder can call a toll-free telephone number or access the internet to vote the Common Shares held by the Beneficial Shareholder. Broadridge then tabulates the results of all instructions received and provides appropriate instructions representing the voting of Common Shares to be represented at the Meeting. **A Beneficial Shareholder receiving a voting instruction form cannot use that voting instruction form to vote Common Shares directly at the Meeting as the voting instruction form must be returned as directed by Broadridge well in advance of the Meeting in order to have the Common Shares voted.** Shareholders who receive forms of proxies or voting materials from organizations other than Broadridge should complete and return such forms of proxies or voting materials in accordance with the instructions on such material in order to properly vote their Common Shares at the Meeting.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting their Common Shares, a Beneficial Shareholder may attend at the Meeting as a proxyholder and vote their Common Shares in that capacity. To do this, a Beneficial Shareholder must enter their own name in the blank space on the form of proxy or voting instruction form provided to them and return the document to their broker or other intermediary (or the agent of such broker or other intermediary) in accordance with the instructions provided by such broker, intermediary or agent well in advance of the Meeting.

Management does not intend to pay for intermediaries to forward proxy solicitation materials to Beneficial Shareholders who have objected to their intermediary/broker disclosing ownership information about them pursuant to applicable securities laws ("**Objecting Beneficial Shareholders**"). Consequently, an Objecting Beneficial Shareholder will not receive the proxy solicitation materials unless the Objecting Beneficial Shareholder's intermediary/broker assumes the cost of delivery.

VOTING SHARES AND PRINCIPAL HOLDERS OF VOTING SHARES

Common Shares

The Corporation is authorized to issue an unlimited number of Common Shares and an unlimited number of preferred shares, issuable in series. As at the date hereof, there are 556,940,664 Common Shares issued and outstanding, each carrying the right to one vote per Common Share at the Meeting. No preferred shares are issued and outstanding.

Record Date

March 21, 2023 is the record date (the "**Record Date**") for the Meeting. Only registered holders of Common Shares at the close of business on the Record Date are entitled to notice of the Meeting and to vote thereat unless, after the Record Date, a registered holder transfers his or her Common Shares and the transferee, upon producing properly endorsed certificates evidencing such Common Shares or otherwise establishing that he owns such Common Shares, requests not later than 10 days before the Meeting that the transferee's name be included in the list of Shareholders entitled to vote, in which case such transferee shall be entitled to vote such Common Shares at the Meeting.

Principal Holders of Common Shares

As at the date of this Information Circular and to the best of the knowledge of the Directors and named executive officers ("**Named Executive Officer(s)**") of the Corporation no person or company beneficially owns, directly or indirectly, or exercises control or direction over 10% or more of the voting rights attached to the outstanding Common Shares.

MATTERS TO BE ACTED UPON AT THE MEETING

The following are the matters to be acted upon at the Meeting:

1. Presentation of Financial Statements

The audited consolidated financial statements of the Corporation for the years ended December 31, 2022 and December 31, 2021, together with the auditors' report on those financial statements, were mailed to the Shareholders who have requested such financial statements in accordance with applicable securities laws and will be placed before the Shareholders at the Meeting. The above financial statements are also available on the Corporation's SEDAR profile at www.sedar.com. No formal action will be taken at the Meeting to approve the financial statements, which have been approved by the board of Directors of the Corporation ("**Board**" or "**Board of Directors**"). If any Shareholders have questions respecting such financial statements, the questions may be brought forward at the Meeting.

2. Election of Directors

The Board of Directors has fixed the number of Directors of the Corporation for the ensuing year at eight. After consultation with the Board of Directors, the following eight persons are nominated by management of the Corporation and are, in the opinion of management, qualified to direct the activities of the Corporation until the next annual meeting of the Shareholders. All nominees have indicated their willingness to stand for election. Each Director elected will hold office until the next annual meeting of the Shareholders or until his or her successor is duly elected or appointed, unless his or her office is vacated earlier in accordance with the Corporation's articles or by-laws. As you will note from the enclosed form of proxy, Shareholders may vote for each proposed Director individually as opposed to voting for Directors as a slate.

In the absence of a contrary instruction, the person designated by management of the Corporation in the enclosed form of proxy intends to vote in favour of the election as Directors of the proposed nominees whose names are set forth below, each of whom has been a Director since the date indicated below opposite the proposed nominee's name.

Management does not contemplate that any of the proposed nominees will be unable to serve as a Director, but if that should occur for any reason prior to the Meeting, then the Common Shares represented by properly executed proxies given in favour of such nominees may be voted by the person designated by management of the Corporation in the enclosed form of proxy, in his discretion, in favour of another nominee. In addition, the articles of the Corporation currently allow the Board of Directors to appoint one or more additional Directors between annual meetings to serve until the next annual meeting, but the number of additional Directors shall not at any time exceed one-third of the number of Directors who held office at the expiration of the last annual meeting of the Corporation.

The following pages set forth information with respect to each person proposed to be nominated for election as a Director, including the number of Common Shares beneficially owned, or controlled or directed, directly or indirectly, by such person or the person's associates or affiliates as at the date hereof. The information as to Common Shares beneficially owned or over which control or direction is exercised, not being within the knowledge of the Corporation, has been furnished by the respective proposed nominees individually.

Majority Voting Policy

The Board has adopted a majority voting policy requiring that a Director tender his or her resignation if more votes are "withheld" from the election of such Director than are voted "for" the election of such Director at any meeting where Shareholders vote on the uncontested election of Directors. The Governance & Compensation Committee will consider any such resignation and make a recommendation to the Board. In the absence of special circumstances, it is expected that the Board will accept the resignation consistent with an orderly transition. The Director will not participate in any Governance & Compensation Committee or Board deliberations on the resignation offer. It is anticipated that the Board would make its decision to accept or reject the resignation within 90 days. The Board may fill the vacancy created by such Director's resignation in accordance with the Corporation's bylaws and applicable corporate laws.

ENVIRONMENT, SOCIAL & GOVERNANCE (ESG)

Tamarack believes integrating ESG through all aspects of the organization is a key factor to long-term operational and financial success. The Corporation updates stakeholders on progress of its ESG commitments and goals through the publication of an annual Sustainability Report. Tamarack aims to continue supporting long-term sustainability while driving positive results for Shareholders, the community, and the environment. The Corporation and the environment, safety & sustainability committee ("**Environment, Safety & Sustainability Committee**") took guidance from globally accepted frameworks, including the Task Force on Climate-related Financial Disclosures (TCFD) framework, in the preparation of its 2022 Sustainability Report, accessible on the website at <https://www.tamarackvalley.ca/responsibility>.

Some of the key ESG achievements related to governance in 2021 and 2022 include:

- Revised long-term incentive compensation to include ESG performance targets for emissions reductions and Indigenous workforce participation beginning in 2022
- Completed third-party assurance over a selection of reported metrics for 2021 and the 2020 baseline years
- Improved Board diversity in 2022 and revised the diversity policy ("**Diversity Policy**") with a clear timeline of May 2023 to achieve 30% gender diversity
- Implemented Board committee workplans to ensure effective execution and transparency on the Board and Board Committee

Tamarack is committed to transparency, diversity, and the highest level of ethics within our governance practices.

Board Oversight of ESG Integrates with Management & Team

Sustainability touches every corner of Tamarack's organization. While oversight of sustainability is specifically included in the Environment, Safety & Sustainability Committee mandate, all Board Committees are engaged at some level in the oversight and integration of the Corporation's sustainability program.

Ethical governance is an integral pillar of Tamarack's core business practices and ensures responsible contribution to the world's energy needs. Recognizing that good governance contributes to the long-term success of the Tamarack, the fundamentals of ethical governance

have been interwoven across the Corporation, including within its strategic and operational policies, procedures, and corporate values, in order to support transparency, sustainability and legal compliance.

Stakeholder Engagement

Tamarack's goal to be a responsible community member is reflected in its ongoing and active engagement with communities where the Corporation operates. Tamarack believes in establishing trusted and mutually beneficial relationships to ensure stakeholders are heard and understood, while looking for collaborative ways to ensure the longevity of the local economy.

The Corporation also strives to establish open and productive communication with its stakeholders to make balanced decisions for both economic sustainability and corporate responsibility. Tamarack is committed to ensuring value creation in its communities with a long-term objective of measuring how economic activities are felt throughout the community and generate quality of life improvements.

Tamarack believes in empowering and supporting its people, which can be seen through educational opportunities and continued professional development that the organization provides. Through an internal mentorship program senior members of Tamarack's team are able to work closely with newer or younger employees to both enhance its corporate knowledge base while also promoting a culture of diversity and inclusion.

Indigenous Relations

Tamarack has a long history of working alongside Indigenous communities, with a deep respect for the culture and wisdom of our Indigenous neighbours. Tamarack believes that the most valuable step we can take towards reconciliation is to treat our Indigenous stakeholders as equal and unique partners, with opportunities to be active participants in current and future business opportunities. In 2021 and 2022, Tamarack achieved the following:

- Increased Indigenous workforce participation to 4.43% in 2021 from 3.48% in 2020
- Engaged in a new partnership through two partnership agreements with the Peavine Metis Settlement
- Added a new Manager, Indigenous Relations to be a key liaison and help shape and expand Indigenous relations
- Implemented Indigenous history and relations workshops for employees in 2022, with a target of 95% participation across the organization by year-end 2022

Environmental Stewardship

Tamarack cares deeply about protecting the environment and minimizing our impact on local ecosystems. This perspective is shared across the organization and applies to all operational activities, including key issues such as carbon intensity, fresh water management and land use as Tamarack seeks to reduce and improve wherever possible. The Corporation is committed to prudent full-cycle land management practices that minimize ecosystem impact, return sites to their original state and effectively manage inactive liabilities. Tamarack will continue to operate as a responsible corporate citizen within the required water regulations, prudently using water where required and maximizing the use of alternate non-potable water sources. The Corporation is also committed to reducing green-house gas emissions, understanding climate change risks and providing a highly responsible, low-emission energy option during the energy transition.

Commitment to Diversity

Fostering a diverse yet inclusive culture and work environment remains a priority across the Corporation, and it starts at the Board level. Tamarack has cultivated a robust skills matrix for our Board, ensuring that our Directors bring the varied skills and experience needed to elevate the organization for the long-term. While Tamarack is working internally to increase diversity throughout the organization, including at the highest levels of management and governance, we recognize that there are many barriers to overcoming this systemic issue. Diversity starts with investment and development in underrepresented groups, not just within our Corporation but within our industry and the wider business community. It also requires effective infrastructure for recruitment, retention and advancement of individuals in the workforce.

On May 3, 2022, the Corporation approved an updated Diversity Policy that recognizes the value of diversity at both the Board and the executive officer level. As part of this policy, the Governance & Compensation Committee acknowledges the important role that women, with appropriate and relevant skills and experience, can play in contributing to the diversity of perspectives on the Board. The Governance & Compensation Committee is of the view that selection of female candidates to join the Board will be, in part, dependent on the pool of candidates with the necessary skills, knowledge and experience and that Director nominations should be based on merit and the contribution the nominee will bring to the Board.

The Corporation is committed to ensuring that gender diversity among the Board is actively pursued. To this end, the Corporation commits: (i) to maintain 30% of the Board positions filled by women; and (ii) to monitor effectiveness of, and continue to expand on, initiatives designed to identify, support and develop talented people with leadership potential. Recognizing diversity expands beyond gender, a priority of the Governance & Compensation Committee is to appoint a racially or ethnically diverse Board candidate ahead of the 2024 annual general meeting of Shareholders of the Corporation.

The Governance & Compensation Committee will review the Diversity Policy annually, which will include an assessment of the effectiveness of the policy and the progress of the Corporation in achieving the objectives of the policy. The Governance & Compensation Committee will discuss any revisions that may be required and recommend any such revisions to the Board for approval.

Targets Regarding the Representation of Women on the Board and in Executive Officer Positions

Under its Diversity Policy, the Corporation has adopted a 30% target regarding the representation of women on the Board. Currently, the Corporation has three out of eight (37.5%) female Directors.

The Corporation has not adopted an objective target regarding women in executive officer positions. However, the Corporation aspires to use commercially reasonable efforts to ensure that executive officer and other senior positions are held by women, as relevant positions become vacant and appropriate skilled candidates are available. The Corporation currently has two of seven (28.6%) female executive officers, one of which is a Named Executive Officer.

CORPORATE GOVERNANCE

Corporate governance relates to the activities of the Board or the Corporation, the members of which are elected by and are accountable to the Shareholders of the Corporation. The Board of Directors views effective corporate governance as an important aspect of its oversight responsibility. With that in mind, the Board of Directors reviews Tamarack's corporate governance practices on an ongoing basis to ensure that they provide for effective stewardship.

The following disclosure of Tamarack's corporate governance practices is presented pursuant to the requirements of NI 58-101.

Board of Directors

As of December 31, 2022, the Board of Directors consisted of Brian Schmidt, John Rooney, Jeffrey Boyce, John Leach, Robert Spitzer, Marnie Smith and Kathleen Hogenson. Kathleen Hogenson was appointed to the Board of Directors on October 13, 2022.

On March 1, 2023, the Board of Directors passed a resolution appointing Caralyn Bennett to the Board of Directors.

The Board of Directors has determined that as of December 31, 2022, Messrs. Rooney, Boyce, Leach, and Spitzer, and Meses. Smith and Hogenson, are each independent within the meaning of NI 58-101. Accordingly, the majority of the Directors of the Board are independent within the meaning of NI 58-101. Brian Schmidt is not independent under NI 58-101 as he is an executive officer of Tamarack as of the date hereof. The Board facilitates its exercise of independent supervision over management by having an independent Chair and having independent Directors participate in the Board committees.

The Board has determined that Mr. Rooney, the Chair of the Board, is independent. As the Chair, Mr. Rooney provides overall leadership to the Board ensuring that the Board is organized properly and functions effectively. Among other things, the Chair maintains a liaison and communication with all of the Directors and the of committees chairs to co-ordinate input from Directors and optimize the effectiveness of the Board and its committees. The Chair also acts as a liaison and maintains communication with the President & CEO to ensure that the Board receives adequate and regular updates from the President & CEO on all issues important to the welfare and future of the Corporation. The Chair is also responsible for the overall management of the Board. The Chair, working with the President & CEO, ensures that there are effective relations with securityholders, stakeholders and the public.

The independent members of the Board do not hold regularly scheduled meetings at which the non-independent Directors and members of management are not in attendance. Although the independent Directors do not hold meetings without the non-independent Directors and members of management, the Board facilitates open and candid discussion among its independent Directors and holds *in-camera* sessions without management present at Board and Board Committee meetings.

The independent members of the Board are authorized to retain independent financial, legal and other experts as required whenever, in their opinion, matters come before the Board which require an independent analysis by the independent members of the Board.

The Board of Directors meets at least four times annually. The Board holds additional unscheduled meetings from time-to-time as business needs require. The Board held eleven meetings in Tamarack's last financial year. Regular meetings of the committees are held throughout the year as required and the audit committee of the Corporation (the "**Audit Committee**") meets at least quarterly per year in conjunction with the review and approval of annual and quarterly financial statements, MD&A and reports to Shareholders. Each committee can hold unscheduled additional meetings from time to time as business needs require or as may be requested by a Director.

The following table sets out the attendance record of each Director for all Board and committee meetings held during the Corporation's most recently completed financial year:

Director	Board	Audit	Reserves	Governance & Compensation	Environment, Safety & Sustainability
John Rooney	11/11	4/4	-	3/4	4/4
Jeffrey Boyce	11/11	4/4	-	-	4/4

Marnie Smith	11/11	4/4	-	4/4	-
Robert Spitzer	11/11	-	4/4	4/4	-
Brian Schmidt	11/11	-	-	-	-

Notes:

(1) Ms. Hogenson has been a Director since October 2022 and has attended all meetings since her appointment.

Board Mandate and Position Descriptions

The Board is responsible for the stewardship and oversight of the business and affairs of the Corporation. The responsibilities and obligations of the Board are set forth in a written mandate of the Board, which is included in this Information Circular under the heading "*Board Mandate*". The Board annually reviews its mandate and considers and effects changes as appropriate.

The Board has not developed written position descriptions for the Chair of the Board or for the President & CEO. The President & CEO has general control and management of the business affairs and policies of the Corporation and over its officers and employees. For a description of the Chair's duties, see the heading "*Board of Directors*". For an overview of the duties of the chair of each Board Committee, see the heading "*Other Board Committees*".

Directorships

The following table sets forth the current Directors of Tamarack who currently hold directorships with other reporting issuers and the names of those reporting issuers:

Director	Other Reporting Issuer
John Rooney	Western Energy Services Corp.
Kathleen Hogenson	First Quantum Minerals Ltd. Verisk Analytics
Caralyn Bennett	Acceleware Ltd.

Orientation and Continuing Education

All new Directors are provided with copies of all Board and Board Committee mandates and policies, Tamarack's by-laws, pertinent corporate information and other reference materials, and are introduced to senior management and the other Directors of Tamarack. Although the Board of Directors and management encourages Directors to be apprised of developments in the oil and gas industry and expects Directors to keep up-to-date with the Corporation's business and affairs, the Board of Directors is of the view that formal continuing education programs for Directors are not required by virtue of the fact that Directors are nominated and elected with the necessary experience and expertise required to satisfy their duties and responsibilities. The orientation and education process is reviewed from time to time and will be revised accordingly as circumstances warrant. For detailed information of the Board of Directors continuing education, see the heading, *Board of Directors Continuing Education*.

Ethical Business Conduct

The Directors are of the view that a culture of strong corporate governance and ethical business conduct must be endorsed by the Board of Directors and the Corporation's executive officers. The Corporation has a written code of business conduct and ethics (the "**Code**") for its Directors, officers, employees and consultants, which has been approved by the Board of Directors and distributed to all Directors, officers, staff and consultants. A copy of the Code may be found under the Corporation's SEDAR profile at www.sedar.com. The Board of Directors has delegated the responsibility for day-to-day monitoring of compliance with the Code to senior management and the Code has a provision to allow reports of concerns, complaints or breaches to be made directly to the Chair of the Audit Committee. Any waivers of compliance with the Code are reviewed by the Audit Committee which then reports and makes a recommendation to the Board of Directors. Where a potential conflict of interest exists that could affect a Director or executive officer's independent judgment in relation to a transaction involving the Corporation, such conflict must be reported to the Audit Committee who shall determine whether such individual shall abstain from participating in the decision-making process related to such transaction. To the knowledge of the Board of Directors, there have been no departures or waivers from this Code that would necessitate the filing of a material change report.

To further its goal of creating a culture of strong corporate governance and ethical business conduct, the Corporation has a written a clawback policy (the "**Clawback Policy**") and an anti-hedging policy (the "**Anti-Hedging Policy**"). The Clawback Policy applies to situations where a Director, executive officer or other employee receives additional incentive compensation as a result of his or her own misconduct (the "**Overpayment Amounts**"). In such situations, the Director, executive officer or other employee shall be obligated to reimburse the Corporation for such Overpayment Amounts and the Board shall be given the discretion to determine the steps required to affect such recovery. The Anti-Hedging Policy prohibits Directors, executive officers and employees of the Corporation from hedging or monetizing transactions in order to lock in the value of their securities of the Corporation. Examples would include the entry into prepaid variable forward contracts, instruments for the short sale or purchase or sale of call or put options, equity swaps, collars, or units of exchangeable funds that have the effect of offsetting a decrease in the market value of securities held in the Corporation.

Nomination of Directors

The Governance & Compensation Committee is responsible for reviewing the size and composition of the Board and identifying potential Director nominees, with the goal of ensuring that the Board consists of an appropriate number of Directors who collectively possess the competencies identified as being critical to the effectiveness of the Board of Directors as a whole. This assessment occurs on an annual basis, and all Directors are afforded an opportunity to propose nominees to the Board by communicating such recommendation to the Governance & Compensation Committee. The Governance & Compensation Committee is comprised of Robert Spitzer, Marnie Smith and John Rooney, all of whom are independent within the meaning of NI 58-101.

As part of its annual process, the Governance & Compensation Committee considers succession planning for Directors and discusses guidelines to assist in the process of identifying new Directors. The profile of ideal characteristics and qualifications of nominees takes into account Tamarack's governance framework, including its Diversity Policy and current Board composition.

Director Term Limits and Other Mechanisms of Board Renewal

The Corporation has not implemented a formal term limit for its Directors, however, upon the approach of a Director's tenth year of appointment, the Board will conduct a search for suitable candidates to replace that Director. If a suitable candidate is available at the time, an overlap may occur, and the Director who has completed ten years, will step down prior to the eleventh year of their term. The Corporation values the comprehensive knowledge of the Corporation and its operations that long serving Directors possess and the contribution that this makes to the Board as a whole. The Governance & Compensation Committee, in proposing nominees to the Board, will take into consideration whether any Board renewal is necessary. Periodically, the Governance & Compensation Committee undertakes the process of assessing potential Board candidates and the strategic issues facing the Corporation with the goal of having a Board with the experience, diversity, skills and time to effectively steward the Corporation.

Compensation

The Governance & Compensation Committee is responsible for reviewing the Corporation's overall compensation strategy, including the compensation of Directors, and the non-management Directors are responsible for reviewing and recommending for approval to the Board of Directors the salaries and compensation of each of Tamarack's officers, including without limitation, the President & CEO and the VP, Finance & CFO.

Tamarack's compensation framework is based on the overarching principle that compensation should be aligned with the interests of the Shareholders, while recognizing that overall corporate performance is dependent on acquiring and retaining skilled, experienced and dedicated Directors, executive officers and employees that possess the requisite skills, education and experience necessary to affect Tamarack's business strategy. Tamarack's compensation strategy also builds-in a measure of flexibility to allow its framework to adapt to unexpected developments in the oil and gas industry and general market trends. Compensation of Directors has been determined by the Board of Directors taking into consideration: (i) the size and stage of development of the Corporation; (ii) advice from Hugessen Consulting ("**Hugessen**") as to what is market for the Corporation's peer group; and (iii) the objectives of retaining skilled, experienced and dedicated Directors. The Corporation seeks to achieve the objectives of its compensation strategy for officers through annual base salary, performance-related cash bonuses, long-term incentive awards and an industry standard benefits plan. In determining executive officer compensation, the Board of Directors considers several factors, including, but not limited to: (i) publicly available information of comparable oil and gas companies; (ii) Hugessen's advice as to what is market for the Corporation's peer group; and (iii) individual and corporate performance.

EXECUTIVE COMPENSATION

Letter to Shareholders Regarding Executive Compensation

Dear Fellow Shareholders,

On behalf of the Governance & Compensation Committee and the Board of Directors, we are pleased to share highlights of Tamarack's 2022 performance with you, as well as insight into CEO pay decisions for 2022 and changes to the executive compensation programs for 2023.

Tamarack's compensation philosophy targets pay that is competitive relative to peers in order to attract and retain key executives. Our compensation model includes a significant emphasis on variable and at-risk pay to incent the achievement of key performance indicators that are aligned with shareholder value creation. On an annual basis, the Committee thoroughly reviews the executive pay levels and structure to ensure continued program effectiveness and alignment with the Corporation's short-term goals and long-term priorities, including strategic imperatives such as ESG.

Tamarack's 2022 key performance highlights are as follows:

- Successfully executed and integrated three material and targeted acquisitions in the Clearwater area totalling \$1.8 billion in acquisition transactions (\$1.7 billion net of dispositions)
- Delivered significant year-over-year reserves growth through total year end 2022 proved plus probable reserves of 242.2MMboe and \$5.0 billion which represented an increase of 33% and 68% respectively over 2021
- Initiated a return of capital program, including strategic share buybacks and monthly base dividends, which started the year at \$0.0083/share and subsequently grew 50% across the year to \$0.0125/share
- Issued the first sustainability linked bond in the North American oil and gas producer space as a key step in the evolution of our debt capital structure
- Achieved emissions intensity reductions on the base corporate assets and deployed capital on gas conservation infrastructure in the North Clearwater asset

In addition to strong corporate performance, the Governance & Compensation Committee considered the following specific 2022 accomplishments of the CEO when evaluating and determining the CEO compensation decisions:

- Effectively recruited and hired a new key executive, which resulted in additional talent and diversity for the Corporation's senior leadership team
- Proactively engaged with Indigenous communities to ensure positive working relationships in our key asset areas and further the Indigenous participation in Tamarack's workforce.
- Ensured efficient and effective corporate execution exceeding production targets and driving costs at the low end of the guidance ranges.

To recognize the CEO for his leadership during a pivotal year for Tamarack, the Board:

- Set the base salary to \$525,000, effective November 1, 2022
- Awarded a 2022 short-term incentive payment of \$975,000, that was paid in March 2023
- Approved a multiplier of 1.5x for the 2020 performance share unit grant, for the performance period of January 2020 – December 2022, as calculated based on metrics and targets approved at the time of grant

In 2022 the Committee engaged an independent advisor to undertake a comprehensive review of Tamarack's executive compensation programs, and related governance provisions. The key objective of the review was to ensure the Corporation's approach to compensation reflects current market conditions and incorporates best practices for a mid-cap company. Following this review, the Committee approved the following key compensation components for the 2023 program:

- 2023 short-term and long-term incentive targets, granted as a percentage of base salary, that align target total direct compensation for each executive with market expectations and Tamarack's compensation philosophy
- A new 2023 corporate scorecard consisting of financial, operational and strategic metrics, including ESG, with defined targets and weightings
- Modifications to the long-term incentive plan metrics that measure total shareholder return performance relative to a revised performance peer group; the 8 year debt adjusted free cash flow per share plan; and sustainability/strategic performance
- CEO/CFO/Chief Operating Officer ("**COO**") share-based award grants of 80% performance units, which are entirely at risk

The Committee and Board believe the changes approved for 2023 reinforce Tamarack's commitment to aligning executive pay outcomes with corporate performance while ensuring strong governance and oversight of the executive pay practices.

Further information on our compensation programs and specific decisions for 2022 can be found in this statement of executive compensation. We value shareholder feedback on our executive compensation philosophy and the linkage to corporate performance. For questions or concerns regarding executive compensation, please contact the Board of Directors Chair, John Rooney, at boardchair@tamarackvalley.ca.

Sincerely,

(signed)

Compensation Risk Management Practices

The oversight and administration of the Corporation's executive compensation program requires the Governance & Compensation Committee to consider risks associated with the Corporation's compensation policies and practices. Potential risks associated with compensation policies and compensation awards are considered at annual reviews and also throughout the year whenever it is deemed necessary by the Governance & Compensation Committee.

The Corporation's executive compensation policies and practices are intended to align management incentives with the long-term interests of the Corporation and Shareholders and to attract and retain qualified personnel. In each case, the Corporation seeks an appropriate balance of risk and reward. Practices that are designed to avoid inappropriate or excessive risks include:

- **An independent compensation advisor.** The Governance & Compensation Committee is satisfied that Hugessen is independent and possesses the appropriate expertise to advise the Governance & Compensation Committee on matters within its mandate. The Governance & Compensation Committee must pre-approve other services Hugessen may provide to the Corporation at the request of management.
- **An annual review of compensation programs.** The Governance & Compensation Committee conducts an annual review of Tamarack's compensation strategy, including the Corporation's compensation philosophy and program design in consideration of current business requirements, market practice, and best practices in pay governance.
- **Both corporate and individual performance objectives.** The corporate and individual performance objectives established each year are aligned with the Corporation's priorities for that year and are stress-tested to ensure payouts will be reasonable within the context of performance outcomes. Free funds flow objectives align management's interests with Shareholders and prevent inappropriate risk-taking.
- **Both fixed and variable compensation.** A significant portion of total direct compensation is delivered through variable compensation, providing a strong pay-for-performance link with a competitive base level of compensation through salary.
- **Both short-term and long-term incentives.** Executive compensation is spread between short-term cash incentives and long-term incentive awards to mitigate the risk of overemphasis on short-term goals at the expense of long-term, sustainable performance. Executives have a substantial portion of their long-term incentives in performance share units that are entirely at risk.
- **Defined range of short-term incentive payments.** The performance measures contained within the annual short-term incentive award are designed to pay out 0-200% of the defined target for each executive.
- **The application of discretion.** The Governance & Compensation Committee and the Board retain discretion to adjust individual performance objectives during the year to ensure they remain aligned with the evolving priorities of the Corporation and to adjust payout levels based on an overall assessment of the Corporation's performance, ensuring appropriate pay-for-performance alignment and flexibility to make reasonable exceptions when necessary.
- **Internal controls.** The Corporation has implemented financial controls that provide limits and authorities in areas such as capital and operating expenditures to mitigate risk taking that could affect compensation and operates a Board-approved hedging strategy that limits management's ability to hedge against fluctuations in commodity pricing and foreign exchange which thereby reduces risk taking that could affect compensation.
- **Share ownership requirements.** The Corporation has implemented share ownership guidelines (the "Ownership Guidelines") for non-employee Directors and executive officers of the Corporation to further align the long-term interests of Shareholders and the Directors or executive officers. The Ownership Guidelines require that non-employee Directors and executive officers hold at the minimum, within three years of accepting a position as a non-employee Director or executive officer with the Corporation, Common

Shares or Common Share equivalents, including vested and unvested RSAs and earned PSAs, having an aggregate value of at least: (i) three times their annual salary for executive officers; and (ii) three times their Board retainer for non-employee Directors.

- **Anti-hedging policy.** The Corporation has adopted a written policy that prohibits a Named Executive Officer (as defined below) or Director, among others, from purchasing financial instruments, including prepaid variable forward contracts, instruments for the short sale or purchase or sale of call or put options, equity swaps, collars, or units of exchangeable funds, that are designed to or that may reasonably be expected to have the effect of hedging or offsetting a decrease in the market value of any securities of the Corporation.

The Corporation's anti-hedging policy has been implemented to ensure that Directors, executive officers and employees of the Corporation are prohibited from hedging or monetizing transactions in order to lock in the value of their securities of the Corporation. Examples would include the entry into prepaid variable forward contracts, instruments for the short sale or purchase or sale of call or put options, equity swaps, collars or units of exchangeable funds that have the effect of offsetting a decrease in the market value of securities held in the Corporation.

In addition, pursuant to the Corporation's policy governing insider trading, short-term speculative trading of the Corporation's Common Shares by officers, Directors and employees is strongly discouraged as it conflicts with the best interests of the Corporation and Shareholders. Consequently, insiders including the Corporation's Named Executive Officers (as defined below), Directors and their related persons, are not only discouraged from frequently trading the Common Shares, but are also specifically prohibited from short selling any Common Shares and from trading in any derivative instruments involving the Corporation's securities.

- **Compensation clawback policy.** The Corporation has implemented a clawback policy for situations where a Director, executive officer or other employee receives additional incentive compensation as a result of his or her own misconduct (the "**Overpayment Amounts**"). In such situations, the Director, executive officer or other employee shall be obligated to reimburse the Corporation for such Overpayment Amounts and the Board shall be given the discretion to determine the steps required to affect such recovery.

Executive Compensation Approach & Philosophy

The compensation policies for the Corporation are recommended to the Board of Directors by the Governance & Compensation Committee which works with the President & CEO to propose compensation for executives and employees that are in line with the Corporation's priorities and objectives. For more details on the composition and responsibilities of the Governance & Compensation Committee, see "*Election of Directors*" and "*Governance & Compensation Committee*", respectively."

Tamarack's compensation policies are founded on the principle that compensation should be aligned with the interests of the Corporation's Shareholders, while also recognizing that Tamarack's corporate performance is dependent upon the attraction, recruitment and retention of highly trained, experienced and committed Directors, executive officers and employees who have the necessary skill sets, education, experience and personal qualities required to manage the business and affect Tamarack's business strategy. Tamarack's compensation policies also recognize that the various components thereof must be sufficiently flexible to adapt to unexpected developments in the oil and gas industry and the impact of internal and market-related occurrences and trends from time to time.

The Corporation's compensation program is designed to reward individual and team performance that contributes to the achievement of Tamarack's business strategy on both a short-term and long-term basis and to align individual interests with the long-term interests of shareholders. The Corporation's compensation program consists of both fixed and variable compensation, with a significant portion of compensation being "at risk" and based on performance. Executive compensation consists of three principal components: (a) base salary; (b) annual bonus; and (c) participation in the Corporation's long-term incentive plans. The aggregate value of these principal components and related benefits is used as a basis for assessing the overall competitiveness of Tamarack's executive compensation program.

Compensation Peer Group & Executive Pay Benchmarking

The Governance & Compensation Committee reviews market data on an annual basis to ensure the competitiveness of pay for the executives. In doing so, the Committee approves a peer group for the purpose of executive pay benchmarking. The peer group is derived based on companies of a similar size/scope and represent the market for executive talent. Factors to be reviewed in determining peer companies will include size (based on market capitalization, enterprise value, capital budget, oil & gas production levels and operating revenue) and stage of development. In 2022, the Governance & Compensation Committee approved the following compensation peer group, which informed the base salary adjustments approved effective November 1, 2022:

Advantage Energy Ltd.
Athabasca Oil Corp.
Baytex Energy Corp.
Birchcliff Energy Ltd.

Cardinal Energy Ltd.
Crescent Point Energy Corp.
Nuvista Energy Ltd.
Obsidian Energy Ltd.

Paramount Resources Ltd.
Peyto Exploration & Development Corp.
Spartan Delta Corp.
Whitecap Resources Inc.

Tamarack's compensation philosophy targets total direct compensation between median and 75th percentile of peers, taking into consideration that (i) variation may be required based on the individual's experience, including time in the role, responsibility and individual performance, and (ii) that actual total compensation above median will only occur with commensurate performance.

2022 CEO & CFO Pay at Risk Summary

Elements of the Corporation's Executive Compensation Program

The Corporation's executive compensation program for 2022 was designed to align with market while aligning total compensation outcomes with performance. Accordingly, the key performance metrics of the Corporation and the Corporation's executives were determined by the President & CEO and the Governance & Compensation Committee in conjunction with determining target compensation levels which were recommended to the Board of Directors for approval. Base salaries were reviewed by the Governance & Compensation Committee and approved by the Board of Directors and are intended to provide a fixed level of competitive pay that reflects the executive's primary duties and responsibilities. The annual bonus provides incentive for performance over the one-year period, and the long-term incentive plans further align executive payout outcomes with Shareholders and provide retention. The combination of the fixed compensation and the variable incentive opportunities delivers a competitive compensation package with significant ties to both corporate and individual performance.

Base Salary

Tamarack's compensation philosophy is to offer a fair and market competitive base salary, recognizing, that performance-based compensation plans are an important element in the compensation packages for the Corporation's employees. This compensation strategy is similar to the strategies of many other companies in the Corporation's peer group.

The base salary component of the Corporation's executive compensation program for all executives, including the President & CEO, is reviewed by the Governance & Compensation Committee, and approved by the Board of Directors and is intended to provide a fixed level of competitive pay that reflects the executive's primary duties and responsibilities. It also provides a foundation upon which performance-based incentive compensation elements are assessed and established. The Corporation intends to pay a base salary to its executives that are competitive within its identified compensation peer group. The Board of Directors compares the base salaries of its executives with that of officers at peer companies in the oil and gas industry and expects to set Tamarack's pay level in-line with peers for such positions, while also considering the other components of its executive compensation package.

Short-term Incentive Plan

The Corporation has a Board-approved annual performance-based short-term incentive program which was established in 2011 based on the recommendation from the President & CEO after consultation with a number of financial advisors and a review of short-term incentive programs generally available for similar oil and gas companies. Each executive has a bonus target (presented as a percentage of base salary) and the ability to earn 0x-2x of target, depending on the meeting or exceeding certain one-year operational and financial metrics that align to strategic plans and budget. The Board also considers individual executive performance and contributions when determining final payouts. Historically, in special circumstances in which executives have significantly surpassed performance-based targets, achieved certain corporate milestones or completed certain projects below budget, the Board has the discretion to approve cash bonuses in excess of the range. The Board of Directors also has the ability to grant discretionary special bonuses to any member of the executive team or other staff member for the additional time and effort incurred which is above and beyond expectations which could result in the Corporation achieving certain objectives such as a significant cost reduction efforts leading to improving investment returns or closing a material transaction that it believes has significantly boosted the Corporation's financial and operational metrics or has significantly increased shareholder value. In addition, the Board has the discretion to decrease bonus amounts based on performance related to health, safety and environment targets.

Executive Compensation Tables

Securities legislation requires the disclosure of the compensation received by each Named Executive Officer of the Corporation for the most recently completed financial year. "Named Executive Officer" is defined by securities legislation to mean: (i) the CEO of the Corporation; (ii) the CFO of the Corporation; and (iii) and each of the three most highly compensated executive officers of the Corporation, other than the CEO and the CFO, whose total compensation was, individually, more than \$150,000 for the year ended December 31, 2022.

For the year ended December 31, 2022, the Corporation had the following Named Executive Officers:

- (i) Brian Schmidt, President & CEO;
- (ii) Steve Buytels, VP, Finance, & CFO;
- (iii) Kevin Screen, COO;
- (iv) Scott Shimek, Vice President, Production & Operations ("**VP, Production & Operations**");
- (v) Christine Ezinga, Vice President, Corporate Planning & Business Development ("**VP, Corporate Planning & Business Dev.**");

2022 was an exceptional year for Tamarack with the completion of major transactions that position the Company for long-term sustainable growth and success. Although the Board has the ability to award bonuses above the range of 0-2x, and has done so previously, in evaluating 2022 performance, the Governance & Compensation Committee recommended and the Board approved, a more disciplined approach to payouts that capped the bonus payout at maximum of the range within the policy. This is not a reflection of management efforts or performance, but is reflective of Tamarack's go-forward approach to compensation as an established mid-cap entity. As a result of 2022 performance, short-term incentive payout for the Named Executive Officers was as follows:

Approved 2022 Short-term Incentive Amounts for Executive

Position	Short-term incentive value (\$)	% of Salary
President & CEO	975,000	200%
VP, Finance & CFO	710,000	200%
COO	460,000	140%
VP, Production & Operations	300,000	110%
VP, Corporate Planning & Business Dev.	260,000	97%

2022 Long-term Incentive Compensation

No Options were granted in 2022, however, the corporation has an approved option plan, and Options may be granted under the Stock Option Plan to officers, employees and consultants, and are intended to align executive, employee, consultant and shareholder interests by attempting to create a direct link between compensation and shareholder return. Participation in the Stock Option Plan rewards overall corporate performance, as measured with reference to the price of the Common Shares, which are traded on the TSX. In addition, the Stock Option Plan enables executives to develop and maintain a significant ownership position in the Corporation. For additional information on the Stock Option Plan, see *"Stock Option Plan"*.

RSAs and PSAs are granted to officers, employees and consultants of Tamarack and its subsidiaries under the PRSU Plan (as defined herein) and the Cash Award Incentive Plan (as defined herein). RSAs are also granted to non-employee Directors under the PRSU Plan. Share Awards are intended to allow recipients to participate in the long-term success of the Corporation and to promote a greater alignment of their interests with the interests of Shareholders. For additional information, please see *"Share Award Incentive Plans"*.

In 2022, the Board approved the following long-term incentive scorecard for the PSA awards with key performance metrics.

2022 Long-term Incentive Scorecard

Metric	Weighting
Total Shareholder Return	50%
8-year Debt Adjusted Free Cash Flow per Share	30%
Indigenous Workforce Representation	10%
Emissions Reduction Target	10%

Performance multiplier for the 2022 PSA awards is between 0-2x, depending on achievement relative to the approved performance metrics and targets. A 1x is achieved for target performance, with payout interpolated between threshold and target, and target and maximum, depending on performance outcome.

For 2022, the relative total shareholder return calculation is weighted 50/50 between performance relative to the TSX Capped Energy Index and relative to a specified performance peer group. Constituents of the performance peer group for 2022 were determined based on operational relevance and companies that are impacted similarly by macro economic factors. For 2022, the performance peer group incumbents were as follows:

Baytex Energy Corp.	Headwater Exploration Inc.	Paramount Resources Ltd.
Cardinal Energy Ltd.	Kelt Exploration Ltd.	Pipestone Energy Corp.
Crescent Point Energy Corp.	MEG Energy Corp.	Vermillion Energy Inc.
Enerplus Corp.	Nuvista Energy Ltd.	Whitecap Resources Inc.

The closing price for the Common Shares on the TSX on December 30, 2022 (the last trading day in the Corporation's most recently completed financial year) was \$4.46.

Note:

(1) Based on total return index values

Tamarack's cumulative total shareholder return performance reflects both operational and financial performance within its control as well as volatile commodity prices and economic and market conditions beyond the Corporation's control.

The Governance & Compensation Committee, when determining bonuses for the Named Executive Officers, considers the current economic conditions and individual and corporate performance along with other relevant factors. Compensation for Named Executive Officers has increased but it is not directly linked to the price of the Common Shares.

2020 PSA Multiplier

The 2020 PSA grant was based 50% on 2020-2022 relative total shareholder return and 50% on corporate performance metrics (2020-2022 8-year DAFCF/S and ESG performance metrics). Tamarack earned a 1x multiplier for relative total shareholder return, and earned a 2x multiplier on the corporate performance metric, resulting in an overall performance multiplier of 1.5x. The units were settled and paid out in accordance with the plan.

The following table sets forth, for the year ended December 31, 2022, information concerning the compensation paid to the Named Executive Officers for the three most recently completed financial years ended December 31, 2022.

Notes:

- (1) Reflects RSAs and PSAs granted under the *PRSU Plan*. Amounts reflect the fair market value of the Share Awards on the grant date. The fair market values were calculated by multiplying the total number of Common Shares issuable pursuant to the Share Awards by the closing price for the Common Shares on the TSX on the grant date.
- (2) These amounts represent the fair value of the Options on the grant date for a covered financial year. The 2021 fair values were determined using the Black-Scholes model based on the following assumptions: (i) an expected life of five years; (ii) average expected volatility of 61%; (iii) a weighted average risk-free interest rate of 0.85%; and (iv) zero dividend yield. This model is consistent with IFRS 2 Share-based Payment. The 2020 fair values were determined using the Black-Scholes model based on the following assumptions: (i) an expected life of five years; (ii) average expected volatility of 51%; (iii) a weighted average risk-free interest rate of 0.71%; and (iv) zero dividend yield. This model is consistent with IFRS 2 Share-based Payment. The Corporation has not incorporated an estimated forfeiture rate, rather it will account for actual forfeitures as they occur. Tamarack chose the Black-Scholes methodology because it is recognized as the most common methodology used for valuing incentive-based compensation and doing value comparisons.
- (3) Represents annual cash bonuses earned during the respective calendar year for individual and corporate performance but paid in the subsequent year.
- (4) Tamarack does not have a pension plan or similar benefit program.

- (5) The all other compensation amounts are comprised of Tamarack's contribution to personal saving plans made on behalf of each of the Named Executive Officers, office parking and the value of benefits conferred under Tamarack's employee health benefit plan consisting of medical insurance, dental insurance and life insurance. The value of perquisites received by each of the Named Executive Officers, including property or other personal benefits provided to the Named Executive Officers that are not generally available to all employees, were not in the aggregate greater than \$50,000 or 10% of the Named Executive Officer's total salary for the financial year Value of dividend on share-based awards as of market close \$4.46 on December 30, 2022, the last trading day of 2022.
- (6) Mr. Schmidt is also a Director of the Corporation but is not compensated in such capacity.
- (7) Mr. Buytels joined Tamarack as VP, Finance and CFO on March 16, 2020. The salary calculation for 2020 includes a signing bonus.
- (8) Mr. Shimek joined Tamarack on June 9, 2021, was appointed VP, Production & Operations on July 31, 2021 and had a base salary of \$267,000.
- (9) Ms. Ezinga joined Tamarack as VP, Corporate Planning & Business Dev. on August 16, 2021 and had a base salary of \$267,000.

	2020	-	-	-	-

Notes:

- (1) Reflects the total compensation for the Named Executive Officers as reported by the Corporation pursuant to the requirements of National Instrument 51-102F6 – *Statement of Executive Compensation* in the last column of the summary compensation table above.
- (2) Total realized compensation is based on income as reported on the officer's official tax slip adjusted for variable pay amounts which apply to that year but are not paid until the following March. For example, the 2022 realized compensation above is the officer's income as per their 2022 tax slip minus the variable pay amount paid in March 2022 (which applies to 2021 performance) plus the variable pay amount paid in March 2023 (which applies to 2022 performance).

The differences between the amounts reported in the summary compensation table pursuant to regulatory requirements and the actual amounts realized by the Named Executive Officers show the potential volatility in realized compensation due to factors including: the long-term nature of share-based compensation and the ongoing impact of the trading price of Common Shares.

Notes:

- (1) For a description of the treatment of Options and Share Awards, see " *Long-term Incentive Compensation, "Termination and Change of Control Under Stock Option Plan"*, " *Termination and Change of Control Under PRSU Plan*" and " *Termination and Change of Control Under Cash Award Incentive Plan*", respectively.
- (2) For options the value is calculated by multiplying the difference between the closing price for the Common Shares on the TSX on December 30, 2022 (the last trading day in the Corporation's most recently completed financial year), being \$4.46, and the Option exercise price by the total number of unexercised Options (including unvested Options). For Share-based compensation the value is calculated by multiplying the PSAs and RSAs by the closing price for the Common Shares on the TSX on December 30, 2022 (the last trading day in the Corporation's most recently completed financial year), being \$4.46.
- (3) In the event an Executive ceases to hold his position as an officer of the Corporation for any reason other than retirement, death or permanent disability, any vested Options held by such Executive shall be exercisable until the earlier of the expiration of the Option Period and 90 days after the date such Executive ceases to hold office. It has been assumed that all such vested Options that are in-the-money would be exercised and result in the additional benefit.
- (4) In the event of a change of control (as defined in the *Stock Option Plan*), all unvested Options granted under the *Stock Option Plan* will only vest and be exercisable if the Executive's service with the Corporation is either: (i) involuntarily terminated without cause (as defined in the *Stock Option Plan*); or (ii) voluntarily terminated for good reason (as defined in the *Stock Option Plan*) within one month prior to or 12 months following the date of the change of control. All unvested Options granted under the *Stock Option Plan*, prior to the amendment of the plan in 2018, will automatically vest in the event of a change of control. It has been assumed that all such vested Options that are in-the-money would be exercised and result in the additional benefit.
- (5) In the event of death or permanent disability of an Executive, any vested Option held by such Executive shall be exercisable until the end of the Option Period or until the expiration of 12 months after the date of death or permanent disability of such Executive. It has been assumed that all such vested Options that are in-the-money would be exercised and result in the additional benefit.
- (6) In the event an Executive ceases to hold his position as an officer of the Corporation for any reason other than death, disability (as defined in the *PRSU Plan* or *Cash Award Incentive Plan*, respectively) or retirement (as defined in the *PRSU Plan* or *Cash Award Incentive Plan*, respectively), all Share Awards granted to such Executive that do not vest within 90 days after the date that such Executive ceases to hold office, shall terminate without payment and shall be of no further force or effect.
- (7) In the event of a change of control (as defined in the *PRSU Plan* or *Cash Award Incentive Plan*, respectively), all unvested Share Awards granted will automatically vest and the performance measures shall take into account, in determination of any adjustment factor in respect of any PSAs, the period up to and including the change of control, if the Executive's service with the Corporation is either: (i) involuntarily terminated without cause (as defined in the *PRSU Plan* or *Cash Award Incentive Plan*, respectively); or (ii) voluntarily terminated for good reason (as defined in the *PRSU Plan* or *Cash Award Incentive Plan*, respectively) within one month prior to or 12 months following the date of the change of control. Unless otherwise determined by the Board in its sole discretion, upon a change of control, all unvested RSAs granted to Directors under the *PRSU Plan* shall become automatically vested. All unvested RSAs otherwise will automatically vest in the event of a change of control.
- (8) In the event of death of an Executive, any vested Share Awards held by such Executive or any Share Awards which shall vest within one year after the death shall be automatically settled and the distribution or payment date shall be within one year after the death of the Participant and all other unvested Share Awards shall terminate without payment.
- (9) In the event an Executive cease to be an officer by reason of disability, under the *PRSU Plan*, any vested Share Awards held by such Executive shall be automatically settled and the distribution or payment date shall be the 90th day after such date, and any unvested Share Units which shall vest within 90 days after the date such Participant ceases to hold the position shall continue to vest in the manner set forth in the applicable Award Notice for such Share Units as per the *PRSU Plan*.
- (10) Assumes the Executive's resignation or termination is not in connection with a change of control of the Corporation.

Termination and Change of Control Under Stock Option Plan

If a participant of the Stock Option Plan (including the Named Executive Officers) ceases to be an officer, employee or consultant of Tamarack or a subsidiary of Tamarack for any reason other than death, permanent disability or retirement, such participant's Options will terminate at 4:00 p.m. (Mountain Time) on the earlier of the end of the Option Period and 90 days after the date such participant ceases to be an officer, employee or consultant of Tamarack of a subsidiary of Tamarack.

In the event of a sale by the Corporation of all or substantially all of its assets or a change of control (as defined in the Stock Option Plan), unvested Options will only vest and be exercisable by a participant (including Named Executive Officers) if such participant is either: (i) involuntarily terminated without cause (as defined in the Stock Option Plan); or (ii) voluntarily terminated for good reason (as defined in the Stock Option Plan) within one month prior to or 12 months following the date of the change of control. All unvested Options granted under the Stock Option Plan, prior to the amendment of the plan in 2018, will automatically vest in the event of a change of control.

For details regarding the Stock Option Plan, see "*Stock Option Plan*".

Termination and Change of Control Under PRSU Plan

If any participant of the PRSU Plan (including the Named Executive Officers) ceases to be a Director, officer, employee or consultant of Tamarack or any subsidiary of Tamarack (as the case may be) for any reason other than death disability or retirement, all Share Awards granted to such participant under the PRSU Plan that have not yet vested within 90 days after the date such participant ceases to be a Director, officer, employee or consultant of Tamarack of any subsidiaries of Tamarack (as the case may be) shall terminate without payment and shall be of no further force or effect. All grants of RSAs to US Taxpayers under the PRSU Plan shall be deemed to adjust the 90 day term to 74 days.

In the event of a change of control (as defined in the PRSU Plan), all unvested Share Awards granted under the PRSU Plan will automatically vest and the performance measures shall take into account, in determination of any adjustment factor in respect of any PSAs, the period up to and including the change of control, if the Executive's service with the Corporation is either: (i) involuntarily terminated without cause (as defined in the PRSU Plan); or (ii) voluntarily terminated for good reason (as defined in the PRSU Plan) within one month prior to or 12 months following the date of the change of control. Unless otherwise determined by the Board in its sole discretion, upon a change of control, all unvested RSAs under the PRSU Plan shall become automatically vested.

For details regarding the PRSU Plan, see "*PRSU Plan*".

Termination and Change of Control Under Cash Award Incentive Plan

If any participant of the Cash Award Incentive Plan (including the Named Executive Officers) ceases to be a Director, officer, employee or consultant of Tamarack or any subsidiary of Tamarack (as the case may be) for any reason other than death disability or retirement, all Share Awards granted to such participant under the Cash Award Incentive Plan that have not yet vested within 90 days after the date such participant ceases to be a Director, officer, employee or consultant of Tamarack of any subsidiaries of Tamarack (as the case may be) shall terminate without payment and shall be of no further force or effect.

In the event of a change of control (as defined in the Cash Award Incentive Plan), all unvested Share Awards granted under the Cash Award Incentive Plan will automatically vest and the performance measures shall take into account, in determination of any adjustment factor in respect of any PSAs, the period up to and including the change of control, if the Executive's service with the Corporation is either: (i) involuntarily terminated without cause (as defined in the Cash Award Incentive Plan); or (ii) voluntarily terminated for good reason (as defined in the Cash Award Incentive Plan) within one month prior to or 12 months following the date of the change of control.

For details regarding the Cash Award Incentive Plan, see "*Cash Award Incentive Plan*".

Share Award Incentive Plans

Stock Option Plan

The Corporation also has a Stock Option Plan which was amended on March 6, 2018 approved by Shareholders at the Corporation's annual general and special meeting on May 10, 2018.

The Stock Option Plan is overseen by the Governance & Compensation Committee and the Board of Directors. The Stock Option Plan is intended to afford persons who provide services to Tamarack an opportunity to obtain an increased proprietary interest in Tamarack by permitting them to purchase Common Shares and to aid in attracting, as well as retaining, and encouraging the continued involvement of such persons with Tamarack.

A summary of the material terms of the Stock Option Plan is set forth below. The summary information is qualified in its entirety by the full text of the Stock Option Plan, a copy of which is attached as Schedule "D" to the management information circular of the Corporation dated April 10, 2018, which can be accessed on the Corporation's SEDAR profile at www.sedar.com.

- **Eligible persons.** Only executive officers, employees and consultants of Tamarack or its subsidiaries are eligible to receive Options under the Stock Option Plan.
- **Rolling plan.** The Stock Option Plan is rolling plan, not a fixed plan, such that the aggregate number of Common Shares that may be reserved for issuance under the Stock Option Plan shall not exceed 7% of the total number of all of the then issued and outstanding Common Shares. The maximum number of Common Shares issuable pursuant to outstanding Options, when combined with the number of Common Shares issuable pursuant to outstanding convertible securities under any other security-based compensation arrangements of the Corporation, is 7% of the total number of issued and outstanding Common Shares at the time of the grant. Options that are cancelled, terminated or expired prior to exercise of all or a portion thereof shall result in the Common Shares that were reserved for issuance thereunder being available for a subsequent grant of Options pursuant to the Stock Option Plan. As the Stock Option Plan is a rolling plan, the issuance of additional Common Shares by the Corporation or the exercise of Options will also give rise to additional availability under the Stock Option Plan.

- **Insider participation limit.** The maximum number of Common Shares that can be reserved for issuance pursuant to Options granted to insiders under the Stock Option Plan and any other security-based compensation arrangement of the Corporation is 7% of the total number of issued and outstanding Common Shares. The maximum number of Common Shares that can be issued to insiders under the Stock Option Plan and any other security-based compensation arrangement of the Corporation, within a twelve month period, is 7% of the total number of issued and outstanding Common Shares. The maximum number of Common Shares that can be reserved for issuance to any one insider under the Stock Option Plan or any other security-based compensation arrangement of the Corporation, within a twelve month period, is 3% of the total number of issued and outstanding Common Shares.
- **Terms of the Options.** Under the Stock Option Plan, the Board of Directors determines the exercise price of the Options at the time of grant, provided that the exercise price shall not be less than the market price of the Common Shares. The Board of Directors also determines the period during which an Option may be exercised (the "**Option Period**") at the time of grant, subject to any vesting limitations which may be imposed by the Board in its sole unfettered discretion at the time of grant, provided that no Option shall be exercisable for a period exceeding five years (unless otherwise specifically provided by the Board of Directors).
- **Ceasing to be an officer, employee or consultant.** If a participant of the Stock Option Plan ceases to be an officer, employee or consultant of Tamarack or its subsidiaries for any reason other than death, permanent disability or retirement, such participant's vested Options shall be exercisable until the earlier of the end of the Option Period and 90 days after the date such participant ceases to be an officer, employee or consultant of Tamarack or its subsidiaries (or 30 days after such date in the case of Options held by an employee engaged in investor relations activities). In the event of death or permanent disability of a participant, any vested Option previously granted to him or her shall be exercisable by the participant's legal representative or the participant, as applicable, until the earlier of the end of the Option Period and the expiration of 12 months after the date of death or permanent disability of such participant. If a participant retires, any Option previously granted to him or her shall be exercisable until the end of the Option Period and shall continue to vest in accordance with the terms of such Options, except, at the discretion of the Board, for any Options which are granted to such participant during the calendar year in which the participant retires, all of which Options shall expire. For the purposes of the Stock Option Plan, "retirement" means the retirement of a participant who has greater than or equal to 10 years of service to the Corporation or its subsidiaries and is older than 60 years of age or as otherwise approved by the Board.
- **Change of control.** In the event of a sale by the Corporation of all or substantially all of its assets or a change of control (as defined in the Stock Option Plan), Options that have not vested will only vest and be exercisable by the participant if his or her service with the Corporation or any subsidiary of the Corporation is either: (i) involuntarily terminated without cause (as defined in the Stock Option Plan); or (ii) voluntarily terminated for good reason (as defined in the Stock Option Plan) within one month prior to or 12 months following the date of the change of control. Each such participant shall be entitled to exercise, in whole or in part, the Options granted to such participant under the Stock Option Plan, either during the Option Period or within 90 days after the date of the sale, change of control or termination, whichever is earlier.
- **Transferability.** Options granted under the Stock Option Plan are non-assignable, except in the event of the death or permanent disability of a participant, in which case Options held by such participant may be exercised by the person or persons to whom a participant's rights under the Option pass by the participant's will or applicable law.

- **Amendment and termination.** The Board may amend, suspend or terminate the Stock Option Plan or the Options granted thereunder at any time without the approval of Shareholders, provided that: (i) the Board does not alter any rights with respect to an Option previously granted under the Stock Option Plan without the consent of the affected participant; and (ii) the amendment has been approved, if required, by the TSX. Notwithstanding the above, Shareholders and the TSX must approve any amendments to the Stock Option Plan or any Options previously granted under the Stock Option Plan that would:
 - increase the maximum number of Common Shares that may be issued upon the exercise of Options granted under the Stock Option Plan;
 - increase the maximum number of Common Shares that may be issued to insiders under the Stock Option Plan;
 - reduce the exercise price of an Option;
 - extend the Option Period;
 - provide any form of financial assistance to a participant;
 - permit Options to be transferable or assignable other than for normal estate settlement purposes as contemplated by the terms of the Stock Option Plan;
 - allow for the grant of Options to non-employee Directors; or
 - any amendment to the amendment provisions of the Stock Option Plan.

As at December 31, 2022, the Corporation had 1,378,176 Options issued and outstanding. As of the date of this Information Circular, the Corporation has 1,254,167 Options issued and outstanding, representing 0.2% of the issued and outstanding Common Shares.

The Corporation's burn rate, as described in Section 613(d) of the TSX Company Manual, was 0.2% in fiscal 2020, 0.2% in fiscal 2021 and 0.0% in fiscal 2022 under the Stock Option Plan. Management expects that the burn rate in fiscal 2023 will be approximately 0.0%. The burn rate is subject to change from time to time, based on the number of Options granted and the number of Common Shares issued and outstanding. The burn rate for a given period is calculated by dividing the number of Options granted under the Stock Option Plan during the applicable fiscal year by the weighted average of Common Shares outstanding during such period.

Share Award Plans

On March 6, 2018, the Board of Directors replaced the Corporation's former restricted share unit plan (the "**RSU Plan**") with the (the PRSU Plan), which was approved by Shareholders at the annual general and special meeting held on May 10, 2018. The PRSU Plan is administered by the Board of Directors or such other committee of the Board as may be appointed by the Board. The PRSU Plan provides eligible participants an opportunity to RSAs and PSAs to allow them to participate in the long-term success of the Corporation and to promote a greater alignment of their interests with the interests of the Shareholders. Until recently, holders of Share Awards were permitted to settle their entitlement by way of Common Shares or cash.

On March 9, 2022, the Board adopted: (i) a cash award incentive plan (the "**Cash Award Incentive Plan**") to formalize the ability of eligible persons to receive their incentive entitlement in cash; and (ii) certain amendments to the PRSU Plan to permit settlement of Share Awards by way of Common Shares only. For more details about each of the PRSU Plan and the Cash Award Incentive Plan, see below.

PRSU Plan

Each Share Award under the PRSU Plan entitles the holder thereof to one Common Share upon settlement. The Share Awards that may be issued to participants pursuant to the PRSU Plan consist of the authorized but unissued Common Shares that the Board has, in its discretion, reserved and approved for issuance under the PRSU Plan. A summary of the material terms of the PRSU Plan is set forth below. The summary information is qualified in its entirety by the full text of the PRSU Plan, a copy of which is attached as Schedule "E" to the management information circular of the Corporation dated April 10, 2018, which can be accessed on the Corporation's SEDAR profile at www.sedar.com.

- **Eligible persons.** The Board of Directors may grant PSAs and RSAs to executive officers, employees or consultants of Tamarack or a subsidiary of Tamarack under the PRSU Plan. In addition, the Board of Directors may grant RSAs to non-employee Directors of the Corporation under the PRSU Plan, provided that the value of RSAs granted in any one calendar year to any one non-employee Director is less than \$150,000, when combined with all other security-based compensation.
- **Rolling plan.** The PRSU Plan is a rolling plan, not a fixed plan, such that the aggregate number of Common Shares that may be issued pursuant to the PRSU Plan shall not exceed 7% of the total number of the issued and outstanding Common Shares at the time of grant. The maximum number of Common Shares issuable pursuant to outstanding Share Awards, when combined with the number of Common Shares issuable pursuant to outstanding Options granted under the Stock Option Plan and outstanding convertible securities under any other security-based compensation arrangements of the Corporation, is 7% of the total number of issued and outstanding Common Shares at the time of the grant. As the PRSU Plan is a rolling plan, the issuance of additional Common Shares by the Corporation or the termination, cancellation, or expiry prior to exercise of Options or other outstanding convertible securities will also give rise to additional availability under the PRSU Plan.
- **Insider participation limit.** The maximum number of securities issuable to insiders of the Corporation, at any time, under the PRSU Plan and all security-based compensation arrangements of the Corporation, is 7% of the total number of issued and outstanding Common Shares. The maximum number of securities that can be issued to insiders under the PRSU Plan and any other security-based compensation arrangement of the Corporation, within a twelve month period, is 7% of the total number of issued and outstanding Common Shares. The maximum number of Common Shares that can be reserved for issuance to any one insider under this PRSU Plan or any other security-based compensation arrangement of the Corporation, within a twelve month period, is 3% of the total number of issued and outstanding Common Shares.
- **Vesting.** Each Share Award will vest in such manner as determined by the Board of Directors at the time of grant, provided that PSAs also vest based on the achievement of performance conditions. Prior to the Distribution Date (as such term is defined below) in respect of any PSA, the Board assesses the performance of the Corporation for the applicable period. The weighting of the individual's performance measures is determined by the Board in its sole discretion having regard to the principal purposes of the PRSU Plan and, upon the assessment of all performance measures, the Board determines the adjustment factor for the applicable period in its sole discretion. The applicable adjustment factor may be between a minimum of zero and such maximum as determined by the Board (provided such maximum shall not exceed 2.0). The number of PSAs that vest on a vesting date is the number of PSAs scheduled to vest on such date multiplied by the adjustment factor.

- **Distribution date.** Under the PRSU Plan, unless otherwise determined by the Board in its sole discretion, the date of settlement of any Share Award (a "**Distribution Date**") shall be the applicable vesting date for such Share Award, provided that such date is not later than the earlier of: (i) the 30th day after the holder ceases to be eligible to participate under the PRSU Plan; and (ii) December 15th of the year such Share Awards become vested (the earlier of the two being the "**Final Date**").
- **Settlement of Share Awards.** As soon as practicable after each Distribution Date, or on the Final Date if the Distribution Date is the Final Date, Tamarack shall issue a number of Common Shares equal to the number of Share Awards in the holder's account that become payable on the Distribution Date. On the Distribution Date, under the PRSU Plan, the Board, in its sole discretion, has the option of settling the Common Shares issuable in respect of Share Awards by either or both of the following methods: (a) settlement in Common Shares acquired by the Corporation on the TSX; or (b) the issuance of Common Shares from the treasury of the Corporation.
 - "Award Market Value" means either: (i) the volume weighted average price (VWAP) on the TSX for the 20 trading days immediately preceding the award date; or (ii) such price as may be determined by the Board and satisfactory to the TSX.
 - "Settlement Market Value" means either: (i) the VWAP on the TSX for the 20 trading days immediately preceding the Distribution Date; or (ii) such price as may be determined by the Board and satisfactory to the TSX.
- **Ceasing to be a Director, officer, employee or consultant.** If a participant of the PRSU Plan ceases to be a Director, officer, employee or consultant of Tamarack or a subsidiary of Tamarack (as the case may be) for any reason other than death, disability (as defined in the PRSU Plan) or retirement (as defined in the PRSU Plan), such participant's Share Awards that do not vest within 90 days after ceasing to be a Director, officer, employee or consultant of Tamarack or any subsidiaries (as the case may be) will terminate without payment. All grants of Share Awards to US Taxpayers shall be deemed to adjust the 90 day term specified herein to 74 days. In the event of death of a Participant, any vested Share Awards held by such participant or any Share Awards which shall vest within one year after the death shall be automatically settled and the Distribution Date shall be within one year after the death of the Participant and all other unvested Share Awards shall terminate without payment. In the event a participant ceases to be a Director, officer, employee or consultant of Tamarack or its subsidiaries (as the case may be) by reason of disability, any vested Share Awards held by such participant at the date such participant ceases to be a Director, officer, employee or consultant of Tamarack or its subsidiaries (as the case may be), shall be automatically settled and the Distribution Date shall be the 90th day after such date and all unvested Share Awards shall terminate without payment. If a participant ceases to be an officer or employee of the Corporation or its subsidiaries by reason of retirement, any Share Awards held by the participant at the date of retirement shall continue to vest, except, at the discretion of the Board, for any Share Awards which are awarded to such participant during the calendar year in which the participant retires, all of which Share Awards shall expire. If a participant ceases to be a Director of the Corporation or its subsidiaries by reason of retirement, any RSAs held by the participant at the date of retirement shall continue to vest, except, at the discretion of the Board, for any RSAs which are awarded to such participant during the calendar year in which the participant retires, all of which RSAs shall expire.

- **Change of control.** In the event of a change of control (as defined in the PRSU Plan), all unvested Share Awards will automatically vest and the performance measures shall take into account, in determination of any adjustment factor in respect of any PSAs, the period up to and including the change of control, if a participant's service with the Corporation or any subsidiary of the Corporation is either: (i) involuntarily terminated without cause (as defined in the PRSU Plan); or (ii) voluntarily terminated for good reason (as defined in the PRSU Plan) within one month prior to or 12 months following the date of the change of control. Unless otherwise determined by the Board in its sole discretion, upon a change of control, all unvested RSAs held by Directors shall become automatically vested.
- **Transferability.** Share Awards are non-transferrable except to a permitted assign of a participant, including: (i) a spouse of a participant; (ii) a trustee, a custodian or an administrator acting on behalf of, or for the benefit of a participant or a participant's spouse; or (iii) a holding entity of a participant or a participant's spouse.
- **Amendment.** The Board may amend, suspend or terminate the PRSU Plan or the Share Awards granted thereunder at any time without the approval of Shareholders, provided that: (i) the Board does not alter any rights with respect to a Share Award previously granted under the PRSU Plan without the consent of the affected participant; and (ii) the amendment has been approved, if required, by the TSX. Notwithstanding the above, Shareholders and the TSX must approve any amendments to the PRSU Plan or any Share Awards previously granted under the PRSU Plan that would:
 - increase the maximum number of securities that may be issued under the PRSU Plan;
 - increase the maximum number of securities that may be issued to insiders under the PRSU Plan;
 - extend the Distribution Date of any Share Awards held by insiders beyond the original Final Date of such Share Awards;
 - reduce the award market value of any Share Awards held by insiders otherwise than in accordance with the terms of the PRSU Plan;
 - provide any form of financial assistance to a participant;
 - permit Share Awards to be transferable or assignable other than for normal estate settlement purposes as contemplated by the terms of the PRSU Plan;
 - amend the limitations with respect to the RSAs that may be granted non-employee Directors; or
 - amendment provisions of the PRSU Plan.
- **Termination or suspension.** If the Board terminates or suspends the PRSU Plan, no new Share Awards may be granted to participants and those previously granted may be accelerated (if unvested) and/or Common Shares issuable pursuant to such Share Awards may remain outstanding. The Board shall not require consent of any affected participant in connection with the termination of the PRSU Plan where vesting of the Share Awards held by such participant is accelerated and Common Shares are issued to the participant in respect thereof. The PRSU Plan will terminate on the date upon which no further Share Awards remain outstanding.

As at December 31, 2022, the Corporation had 3,430,217 RSAs and 1,959,280 PSAs issued and outstanding under the PRSU Plan. As of the date of this Information Circular, the Corporation has 3,224,179 RSAs and 2,079,924 PSAs issued and outstanding under the PRSU Plan, representing a total of 1.0% of the issued and outstanding Common Shares.

The Corporation's burn rate, as described in Section 613(d) of the TSX Company Manual, was 1.3% in fiscal 2020 under the PRSU Plan, 1.3% in 2021 and 0.6% in 2022 under the PRSU Plan. Management expects that the burn rate in fiscal 2023 will be approximately 0.6%. The burn rate is subject to change from time to time, based on the number of Share Awards granted and the number of Common Shares issued and outstanding. The burn rate for a given period is calculated by dividing the number of Share Awards granted under the PRSU Plan during the applicable fiscal year by the weighted average of Common Shares outstanding during such period.

Cash Award Incentive Plan

Under the Cash Award Incentive Plan, Share Awards function similarly to those under the PRSU Plan; however, Share Awards under the PRSU Plan are measured in units equivalent in value to a Common Share whereas the award value (the "**Award Value**") for a Share Award under the Cash Award Incentive Plan is computed by reference to a notional number of Common Shares, for which payment shall be made in cash on the Payment Date(s) (as defined herein). A summary of the material terms of the Cash Award Incentive Plan is set forth below.

- **Eligible persons.** The Board of Directors may grant Share Awards to officers, employees, consultants or certain Directors of Tamarack or a subsidiary of Tamarack under the Cash Award Incentive Plan. Non-employee Directors are not eligible to participate in this plan.
- **Vesting.** Each Share Awards will vest in such manner as determined by the Board of Directors at the time of grant, provided that:
 - RSAs shall be awarded solely in respect of performance in the same calendar year as that including the grant date, or in respect of performance for the preceding calendar year. In all cases, RSAs shall be in addition to, and not in substitution for or in lieu of, ordinary salary and wages. Unless otherwise agreed to between Tamarack and the recipient, the vesting of RSAs shall commence on the award date.
 - PSAs also vest based on the achievement of performance conditions. Prior to the vesting date in respect of any PSA, the Board assesses the performance of the Corporation for the applicable period. The weighting of the individual's performance measures is determined by the Board in its sole discretion having regard to the principal purposes of the Cash Award Incentive Plan and, upon the assessment of all performance measures, the Board determines the adjustment factor for the applicable period in its sole discretion. The applicable adjustment factor may be between a minimum of zero and such maximum as determined by the Board (provided such maximum shall not exceed 2.0). The number of PSAs that vest on a vesting date is the number of PSAs scheduled to vest on such date multiplied by the adjustment factor.
- **Payment date.** A participant may elect to exercise all or a portion of the notional number of Common Shares covered by such Share Award which are vested at any time prior to or on the Expiry Date (the "**Payment Date**").

- **Settlement of Share Awards.** On the Payment Date, the Corporation shall cause a cheque for the applicable award value payable to the participant or a designated account thereof, subject to withholding tax provisions under the Cash Award Incentive Plan, to be sent by prepaid mail or delivered to the direction of the participant as soon as possible following a vesting date and upon receipt of a notice of exercise from a participant in respect of the exercise of all or a portion of the notional number of Common Shares covered by such Share Award.
- **Ceasing to be a Director, officer, employee or consultant.** If a participant of the Cash Award Incentive Plan ceases to be a Director, officer, employee or consultant of Tamarack or a subsidiary of Tamarack (as the case may be) for any reason other than death, disability (as defined in the Cash Award Incentive Plan) or retirement (as defined in the Cash Award Incentive Plan), such participant's Share Awards that do not vest within 90 days after ceasing to be a Director, officer, employee or consultant of Tamarack or any subsidiaries (as the case may be) will terminate without payment. In the event of death of a Participant, any vested Share Awards held by such participant or any Share Awards which shall vest within one year after the death shall be automatically settled and the Payment Date shall be within one year after the death of the Participant and all other unvested Share Awards shall terminate without payment. In the event a participant ceases to be a Director, officer, employee or consultant of Tamarack or its subsidiaries (as the case may be) by reason of disability, any vested Share Awards held by such participant at the date such participant ceases to be a Director, officer, employee or consultant of Tamarack or its subsidiaries (as the case may be), shall be automatically settled and the Payment Date shall be the 90th day after such date and all unvested Share Awards shall terminate without payment. If a participant ceases to be an officer or employee of the Corporation or its subsidiaries by reason of retirement, any Share Awards held by the participant at the date of retirement shall continue to vest, except, at the discretion of the Board, for any Share Awards which are awarded to such participant during the calendar year in which the participant retires, all of which Share Awards shall expire.
- **Change of control.** In the event of a change of control (as defined in the Cash Award Incentive Plan), all unvested Share Awards will automatically vest and the performance measures shall take into account, in determination of any adjustment factor in respect of any PSAs, the period up to and including the change of control.
- **Transferability.** Share Awards are non-transferrable except to a permitted assign of a participant, including: (i) a spouse of a participant; (ii) a trustee, a custodian or an administrator acting on behalf of, or for the benefit of a participant or a participant's spouse; or (iii) a holding entity of a participant or a participant's spouse.
- **Amendment.** The Board may amend, suspend or terminate the Cash Award Incentive Plan or any Share Awards granted thereunder at any time without the approval of Shareholders, provided that the Board shall not alter or impair any rights or increase any obligations with respect to a Share Award previously granted under the Cash Award Incentive Plan without the consent of the participant.
- **Termination or suspension.** If the Board terminates or suspends the Cash Award Incentive Plan, no new Share Awards may be granted to participants and those previously granted may, at the Board's election, be accelerated (if unvested) and/or payments in respect of such Share Awards may be made to participants or may remain outstanding. The Board shall not require consent of any affected participant in connection with the termination of the Cash Award Incentive Plan where vesting of the Share Awards held by such participant is accelerated and all such Share Awards are settled.
