THE OPPORTUNITIES AND CHALLENGES IN TODAY'S REMITTANCE INDUSTRY

The International Association of Money Transfer Networks (IAMTN), a not-for-profit membership organisation, is the only global trade association representing the cross-border payments industry. IAMTN's members include banks, payment institutions, electronic money organisations and mobile operators.

Founded in 2005, IAMTN provides a platform for industry stakeholders to come together to discuss common challenges and industry initiatives and to create opportunities.

IAMTN works closely with governments, regulators and all other important stakeholders – such as the FATF, FSB, AIR, World Bank, International Fund for Agricultural Development (IFAD), UNCDF, Swiss Agency for Development and Cooperation (SDC), UK Department for International Development (DFID) – to champion the creation of the most effective, safe, reliable and efficient payment systems and mechanisms for migrants globally.
