# 1 Premium Christian Programming

24/7 BROADCASTING AROUND THE GLOBE

Gospel Channel is a Christian-based religious broadcast television network that continuously airs a unique range of top-quality Christian programming around the world, 24/7, through internet streaming, broadband cable connection, IPTV & satellite television transmission.

For over thirty years, we've pioneered Christian Television in Iceland & Scandinavia—bringing the Gospel to the lost through Christ-centered programming.

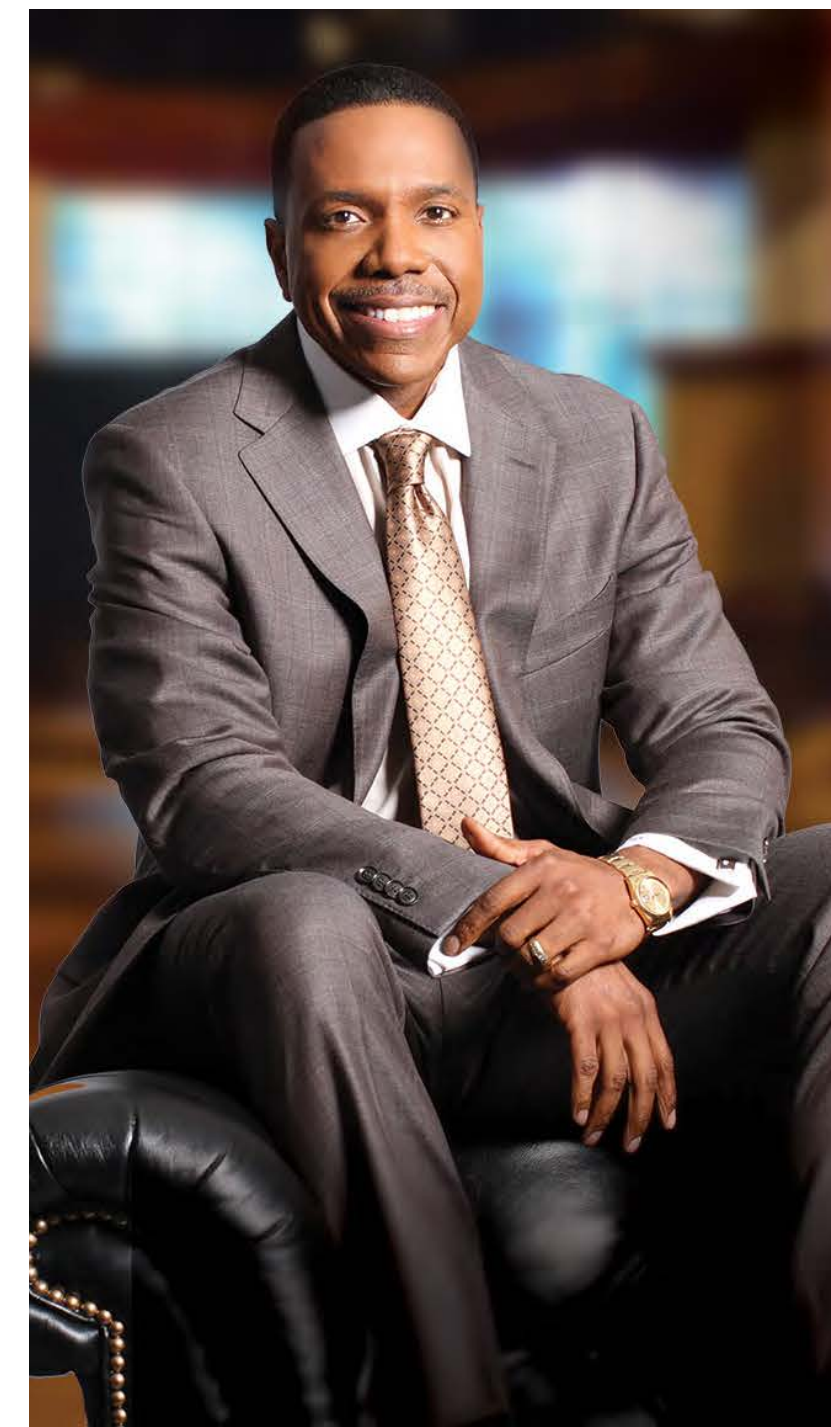

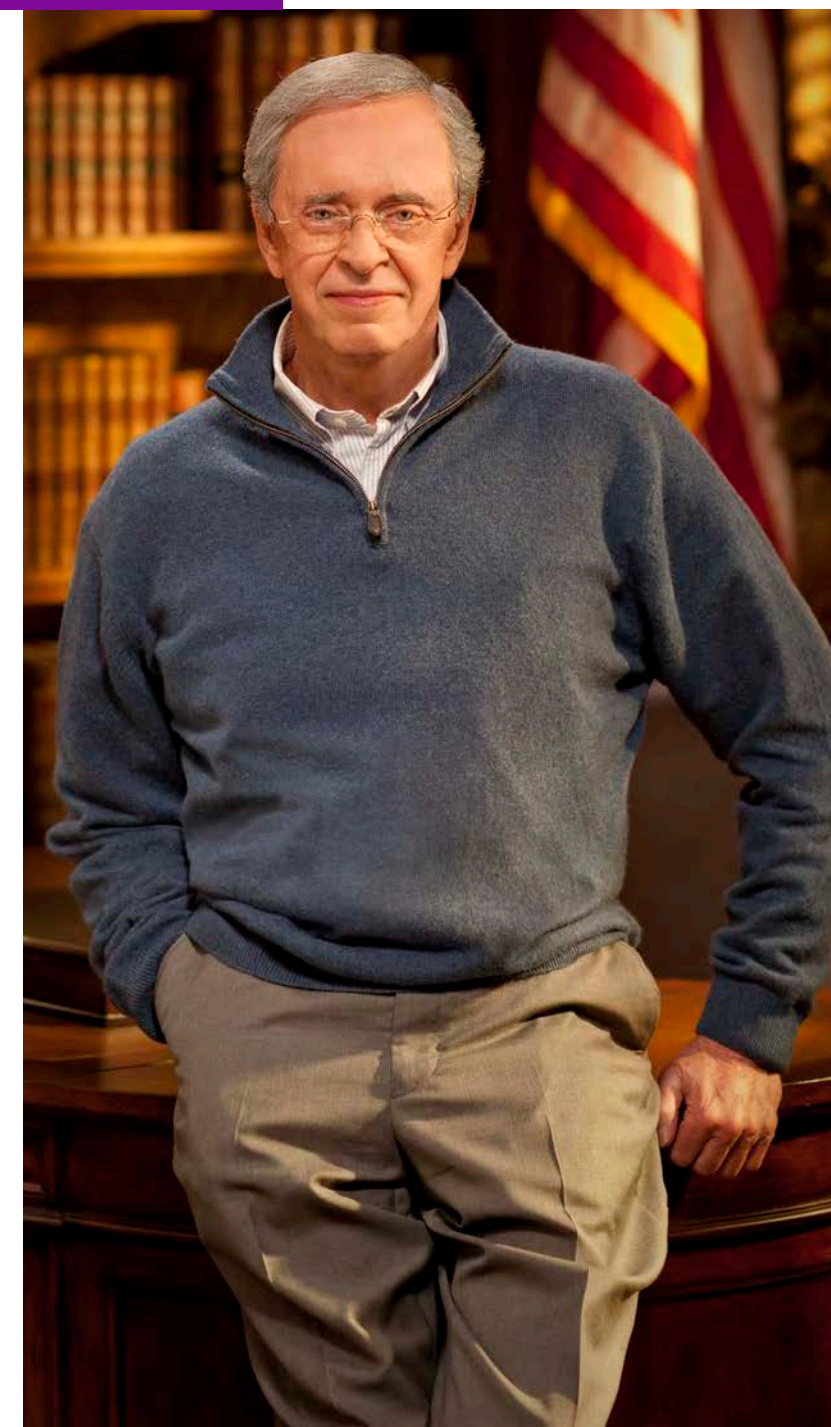

# 3 Featured Ministries

## CO-LABORERS IN THE HARVEST

Gospel Channel is dedicated to bringing you the best in Christian television—from both the well-known to the humble. Our programs feature a wide range of dynamic ministries—from Benny Hinn and Chris Oyakhilome to Charles Stanley and David Wilkerson.

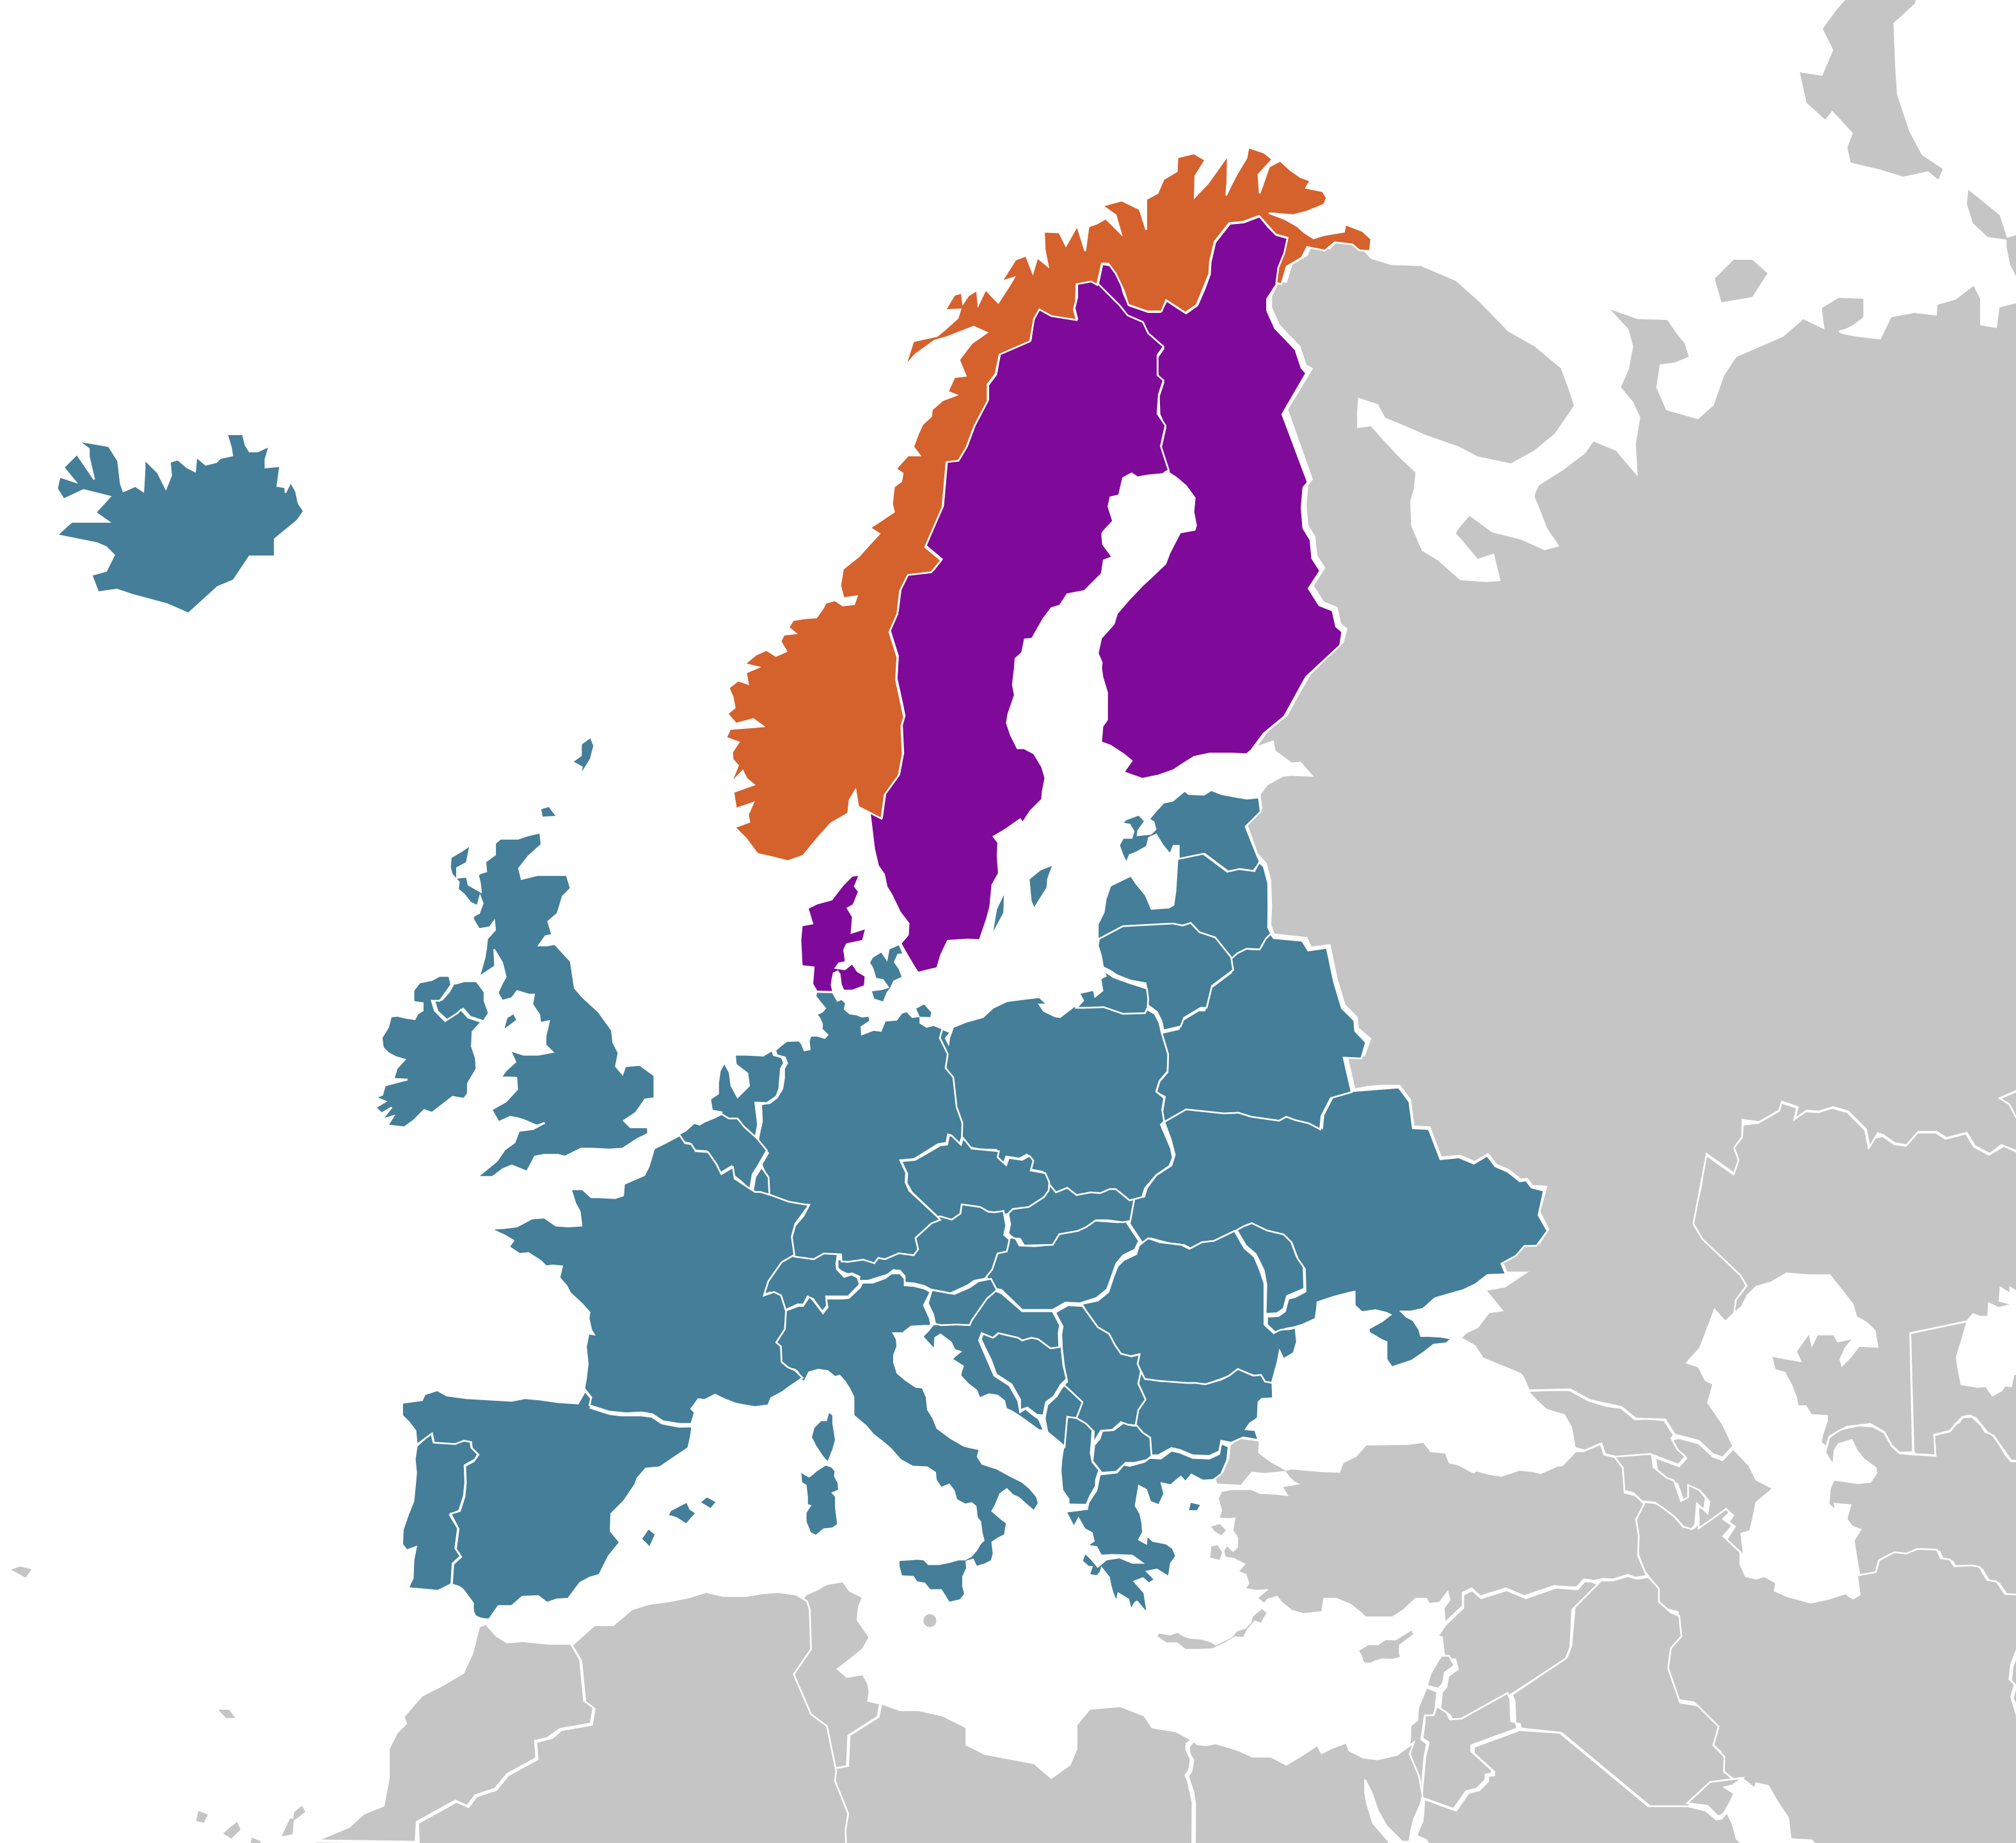

We're driven by a Divine mandate—to bring the Truth and Presence of God's Word into every home in the world.

# 4 International Footprint

With an impressive footprint that covers Iceland, Scandinavia and most of continental Europe, Gospel Channel is accessible to hundreds of millions of people via cable broadband, satellite television & IPTV.

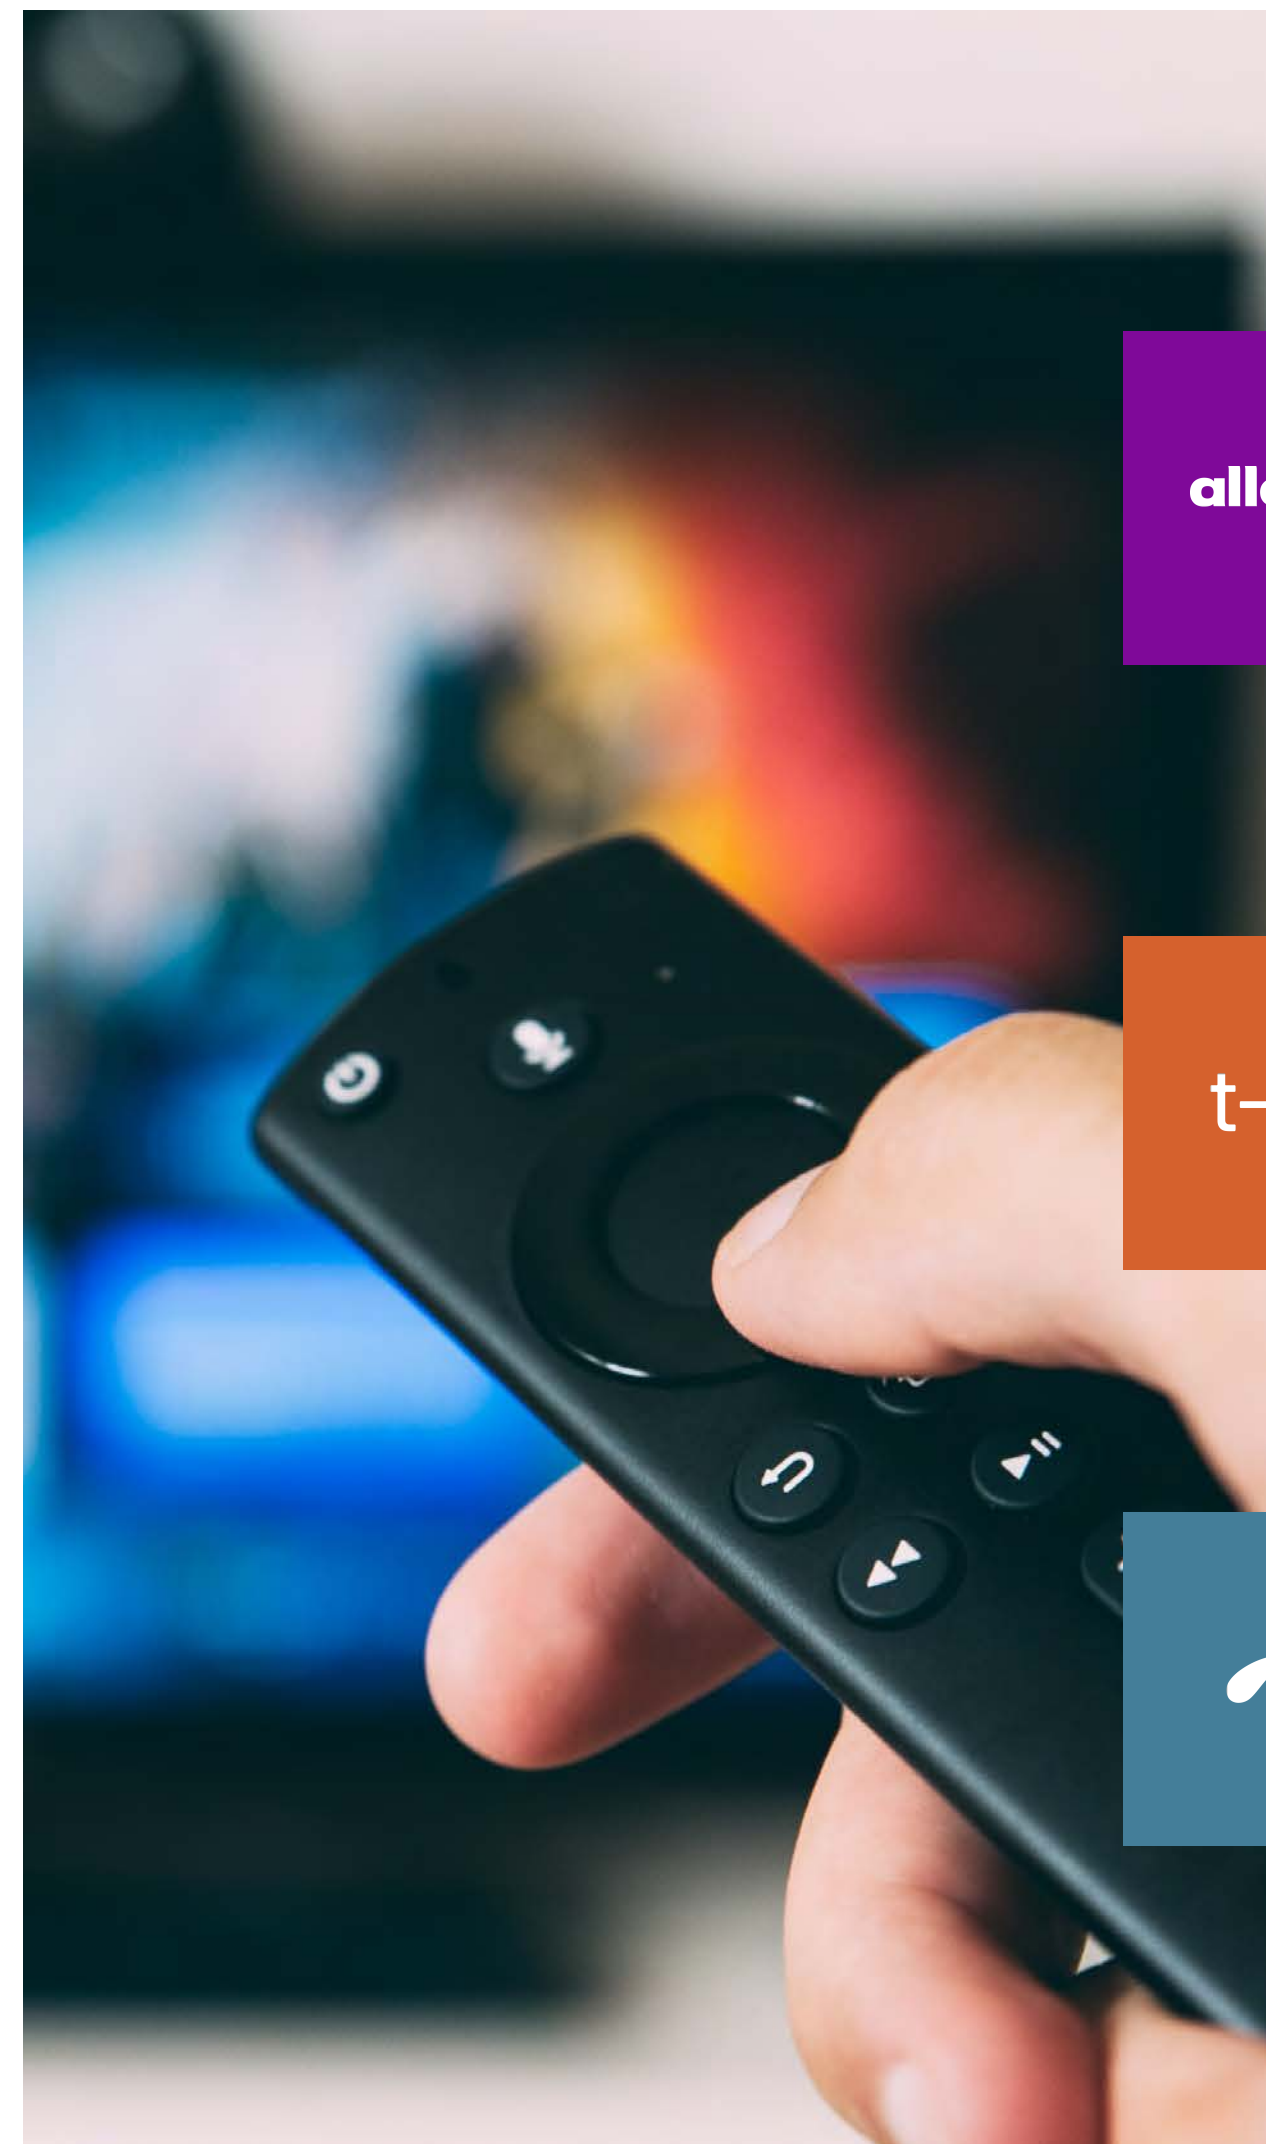

Our growing footprint brings the life-changing Good News of Jesus Christ to countless homes world-wide. Now, through 24/7 internet streaming, our impact reaches around the world.

# 5 Cable & Satellite Services

## STRATEGIC INTERNATIONAL COVERAGE

Gospel Channel is strategically located on broadband cable and satellite transmission, with a footprint that covers the whole of Scandinavia and most of Europe. Easily accessed on some of the most widely-used platforms in those countries, our programming reaches millions of viewers each month.

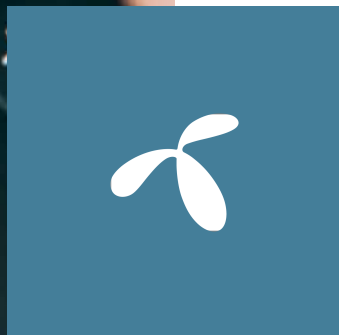

### Allente

Allente is a Nordic TV distributor that offers TV solutions via satellite TV and IPTV to 1.2 million customers in Denmark, Finland, Norway and Sweden.

### T-We (Telenor)

Telenor is a leading TV content distributor in Scandinavia, with over 2.9M customers served. With Telenor T-We, users access everything they want to see in one place.

### Thor 5

Thor V was launched in 2008. Equipped with 24 Ku-band transponders, offering comprehensive Nordic, pan-European and Middle Eastern coverage.

# 6 Network Service Details

## ACCESS OUR CHANNEL FROM ANYWHERE IN THE WORLD

Gospel Channel is available on both Allente & T-We—powerful Nordic television distribution platforms that reach millions of monthly subscribers. Telenor’s Thor 5 satellite also broadcasts our free-to-air channel across most of the European continent, raising Gospel Channel’s potential viewership to hundreds of millions.
