

ENERPOLY BATTERY PACK

BENEFITS

- Long lasting, rechargeable
- Low total cost of ownership
- Easy maintenance
- Long shelf life
- Recyclable
- Made in Europe

PRODUCT DESIGN

- 3 kWh
- 4U standard dimension
- Easy to install for racks
- Configurable and modular
- 36 battery modules in a single string (36S1P)
- Module level monitoring
- String level management

APPLICATIONS

Well suited for stationary storage applications with 4+ hours discharge durations.

SAFETY AND RELIABILITY

Industry-leading in safety with no thermal runaway. Tests, including those of UL9540A safety standard, were conducted by Enerpoly on the safety characteristics of the zinc-ion battery cell.

The above information is not intended to make or imply any representation, guarantee, or warranty with respect to any cells and batteries. Cell and battery designs / specifications are subject to modification without notice.
