15.9.2020

As a result of consistent outperformance, Sirius Capital Partners has again been nominated the Best Investment Manager for real estate in Finland. Since the start of the business and the launch of the company's first fund, Sirius Capital Partners has earned this recognition every year.

The Euromoney real estate awards are voted for by all constituents in the industry – developers, investors, advisers and banks. The survey is conducted in more than 60 countries around the world and the participants vote for the market leaders in a number of categories. The Euromoney annual survey was now organized for the 16th time.

– The Euromoney recognition feels special as it shows we have earned the respect of our peers and colleagues in the highly competitive global real estate market. We feel proud of the achievement of winning this award for the fifth consecutive year, says Sirius CEO Patrick Gylling.

"The Euromoney real estate awards are voted for by all constituents in the industry – developers, advisers and banks. This makes them of particular importance in recognising strength in each individual sector. We congratulate Sirius for their achievement in winning Best Investment Manager for real estate in Finland for the fifth consecutive year; and for earning the respect of their peers and colleagues in the highly competitive global real estate market." says Louise Bowman, Editor, Euromoney.
