

Sirius voted best investment manager in Finland for the sixth consecutive year

14.9.2021

As a result of consistent outperformance, Sirius Capital Partners has again been nominated the Best Investment Manager for real estate in Finland. Since the start of the business and the launch of the company's first fund, Sirius Capital Partners has earned this recognition every year.

The Euromoney real estate awards are voted for by all constituents in the industry - developers, investors, advisers and banks. The survey is conducted in more than 60 countries around the world and the participants vote for the market leaders in a number of categories. The Euromoney annual survey was now organized for the 16th time.

- The Euromoney recognition is a special award as it shows we have earned the respect of our peers and colleagues in the highly competitive global real estate market. We are proud of our consistency in winning this award now for the sixth consecutive year, says Sirius CEO Patrick Gylling.
