

Ravencourt Quartz Clock Instructions

Inseting battery

Insert 1x 'AA' Alkaline (1.5v) battery in battery compartment, taking care to observe the polarity (+ & - ends of battery correct way around)

Setting the time

To set time, rotate the Time set knob on back of clock until the hands are at correct time. Make sure that the sun daytime picture is showing if the set time is am and the moon night time picture is showing if the time set is pm.

Changing the battery

It is recommended that you replace the battery annually even if the clock is still running correctly.

Only use 'AA' Alkaline 1.5v battery

Please dispose of used battery in a responsible manner.

Maintenace

A soft cloth may be used to clean your clock, do not use corrosive or abrasive cleaning products. Keep the clock dry.
