

## COLUMN PROTECTOR

Rubber Column Guards from Northpac are designed to protect non-square columns of all shapes from traffic accidents. The column protector's flexible design forms around building columns to absorb, deflect and minimise impact from trolleys, carts & vehicles.

### Features:

- Forged from natural, heavy-duty recycled rubber
- Three 20mm yellow stripes provides high visibility for accident avoidance
- Reduce building maintenance and repair costs
- Suitable for both interior and exterior use
- Can be cut to required length

PRODUCT CODE	HEIGHT	LENGTH	WIDTH
