

## **RESCUE THROW BAG**

### **IMPORTANT**

**DO NOT OPEN THE VELCRO COLLAR BEFORE THROWING, AS THIS MAY ALLOW THE LINE TO TANGLE WHEN THROWN**

#### Instruction for use

Remove the white grab bag from the stainless-steel holder.

Without opening the Velcro collar and with one hand, remove the blue PVC loop from the top of the grab bag and pull out approximately 1 meter of the orange line.

In one hand hold on to the blue loop handle securely and with the other hand use the black webbing handle to throw in the direction of the person in distress.
