ORGANIC TOTAL INVERT SYRUP

Organic Total Invert Syrup, a food grade product, is produced, filtered and stored in our Lakeville, New York facility. This is a food grade product and a premium, pure sugar solution that was developed to provide an alternative to other granulated sugars. It is produced with the finest sugar to provide consistent flavor and color. This product is a premium, refined sugar solution consisting of various amounts of sucrose with equal parts of glucose and fructose. Total Invert can be suitable for use in beverage, bakery, confectionery, dairy, canned/bottled products, and processed foods. This product is manufactured in accordance with Current Good Manufacturing Practices and complies with the Federal Food Drug and Cosmetic Act and all other FDA regulations as well as any applicable state statutes and regulations.
