See back of form for additional questions. Part II Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ▶ During 2023, the issuer named in Part I, Box 1 above (the "Issuer") made a non-liquidating cash distribution to its shareholders in excess of its current and accumulated earnings and profits which resulted in a reduction to the basis of the stock held by its shareholders. The record dates for these distributions were: 1/1/23, 4/1/23, 7/1/23, 10/1/23 and 12/15/23. Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ▶ The non-dividend portion of the 2023 distributions is 1.40% of total distributions received which should reduce the shareholder's basis in the Issuer's stock. Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ▶ The Issuer's earnings and profits were calculated under IRC Section 312, as modified by IRC Section 857(d) for a real estate investment trust. Distributions in excess of current and accumulated earnings and profits reduce the shareholder's tax basis in its shares to the extent of the basis.
